WASHING MACHINES

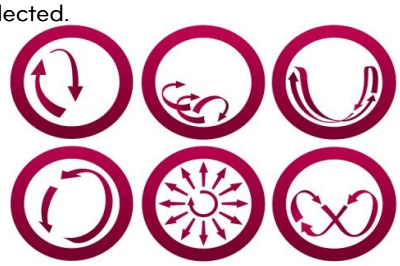
No Ordinary Washer

6 Motion Wash Technology

- LG's 6 Motion wash technology offers 6 distinct wash actions, all based on traditional hand washing techniques. The machine automatically uses the appropriate motions for the wash program selected.



Smart Diagnosis 2.0

- LG's Smart Diagnosis 2.0 allows the Washing Machine to talk for itself. If an error occurs, a phone call can be made to LG Customer Information Centre and the machine will emit a 6 second signal. This allows LG to diagnose the issue resulting in less wasted time and less inconvenience.

Direct Drive Motor

- LG's Direct Drive Motor when compared to LG's non-direct drive systems, gives less vibration, and less noise (54dB).
- Greater durability and that's why you get LG's 10 Year Direct Drive Warranty comprising of 2 Years Parts and Labour + 8 Years on the Direct Drive Motor (parts only)
