A New Level of Full-HD

A full HD Screen delivers more accurate images in stunning resolution and vivid colour. The advanced image processor adjusts colour for richer, more natural images. Enjoy the beauty of nature's true colours on your TV screen.

Active HDR for Incredible Detail

Active HDR optimises every scene, delivering delicate detail and rich colour. The multi-HDR format, including HDR10 and HLG, coupled with LG's dynamic scene-by-scene adjustment technology, let you enjoy any video content in amazing HDR quality.

Quad Core Processor, The Origin of Lifelike Images

Four Fast, accurate processors eliminate noise and create more dynamic colour and contrast. Low-resolution images are up-scaled and reproduced as sharper, more vivid images.

Virtual Surround Plus Fills The Space

You can experience rich, multi-dimensional sound with built-in speakers on your TV. Heighten your viewing experience with sound coming from all directions.

Dolby AudioTM A Movie-like Sound Experience

Experience clearer, more immersive theater-quality sound at home with the Dolby Audio on your TV.

Live Smarter with webOS

LG smart TV with webOS allows you to easily enjoy your favourite Netflix movies, YouTube videos and much more. The new design and various features deliver smarter yet simpler viewing experiences.

Choose, Connect and Enjoy

By connecting your USB stick or external hard drive, you can enjoy almost any content on your TV. Watch videos and view photos on a bigger screen in higher resolution.

Simple yet Sophisticated Design

A thin bezel and stylish finish work in harmony with your interior to create a better viewing experience.
