REFRIGERATORS

LMC25780AL

4 Door French Door Refrigerator

4 Door Refrigerator

Two freezer drawers provide the ultimate in convenience, organization and easy access. The upper EveryDay Freezer drawer provides easy access to those frozen foods you reach for most often. The lower drawer is a separate freezer compartment that lets you store larger items and is great for long-term storage.

4 Compartment Crisper System

Our unique design arranges the storage drawers to give you more versatility for organizing your foods and beverages. This refrigerator comes with a full width, temperature-controlled Glide N' Serve™ drawer, twin humidity-controlled crispers, and a bonus drawer that is perfect for perishable fruits and vegetables.

Premium Interior

The interior of the refrigerator adds to the already sophisticated styling with a wide open view, low profile shelving and an integrated crisper and deli storage center.

Sophisticated Design, Inside and Out

Only with LG's exclusive styling package will you get contoured doors, hidden hinges, and other features that present a sophisticated and refined look.
