No
Agitator

Available July 2015
RRP: \$879[^]

Features

- ✓ TurboDrum
- ✓ No Agitator
- ✓ Transparent Lid
- ✓ Fuzzy Logic
- ✓ 6.5kg Capacity
- ✓ 7 Washing Programs with 10 Options
- ✓ LED Digital Display
- ✓ Foldable Handle with Locks

TurboDrum

LG TurboDrum - allows the drum and the pulsator to rotate in opposite direction to each other. This improves the washing action, giving an efficient wash.

No Agitator

No Agitator - with no agitator taking up valuable space inside the tub, you can fit bigger loads and not have to worry about loads becoming unbalanced. Having no agitator also helps to minimise stretching or tangling.

Transparent Glass Lid

Transparent Glass Lid - is stronger than normal plastic lids. This means you can still place items such as a washing basket on top of the machine, without the worry of damaging the lid.

Fuzzy Logic

LG Fuzzy Logic washing machines have a number of sensors. These sensors continually monitor the varying conditions inside the drum, which helps to ensure the optimum washing performance.
