Features

- ✓ 6 Motion Control
- ✓ 7.5kg Capacity
- ✓ Inverter Direct Drive Motor System
- ✓ Smart Diagnosis™ 2.0
- ✓ Transparent Glass Lid
- ✓ 950rpm
- ✓ Full Stainless Steel Tub
- ✓ 10 Washing Programs with 6 Options
- ✓ 10 Year Parts Warranty on the Inverter Direct Drive Motor System

Inverter Direct Drive Motor

LG's Inverter Direct Drive Motor - combines the direct drive motor with inverter control to provide an ultimate washing experience

Less Noise - with less moving parts compared to other motor systems it creates less noise

Greater Durability - the direct drive motor system is at the heart of the machine, that's why you get LG's 10 Year Parts Warranty on Inverter Direct Drive Motor.

Full Stainless Steel Tub

LG's Full Stainless Steel Tub is more effective to help control bacteria growth than conventional tubs made of plastic. A hygienic tub helps maintain a hygienic wash.

6 Motion Control

LG's 6 Motion Control - LG washers use a combination of 6 motions, based on hand-washing, to wash your clothes. Simply choose a cycle. Your washer works out the best combination to give you an outstanding wash, whilst also caring for your clothes.

Smart Diagnosis™ 2.0

LG's Smart Diagnosis™ 2.0 allows the Washing Machine to talk for itself. If an error occurs, you can use the LG App or make a phone call to the LG Customer Information Centre. A diagnosis can then be made resulting in less wasted time, less inconvenience and unnecessary call outs.

* LG Smart Diagnosis app Required (Android 2.2+, iOS 4.3+)
