### Performance

- 4.1 cu.ft. Capacity
- Gentle 3-Step MTC (Multi-Temp Control) Heating Element
- Fast Drying Time

### Intelligent Fabric Care

- Sensor Dry System for Intelligent Fabric Care and Energy Efficiency
- 4 Drying Programs
- 3 Temperature Levels
- Precise Temperature Control
- Delicates Cycle

### Style and Design

- Upfront Electronic Control Panel with Dial-A-Cycle™
- Stainless Steel Drum

### Technology Benefits

- LoDecibel™ Quiet Operation

# ELECTRIC DRYERS

## LoDecibel™ Quiet Operation

LG's heavy duty dryer with LoDecible™ Quiet Operation is noticeably quieter than any other dryer. You can even throw in a load of laundry before you go to bed! Excellent for early risers or night owls who wish to knock off a few chores while the family sleeps.

## Multi-Temperature Control Element

Most dryer elements cycle on and off creating temperature spikes. Thanks to its unique variable wattage technology, LG's Multi Temperature Control (MTC) element maintains even temperatures resulting in gentle, safe drying at any setting.

## Auto Drying System

With LG, your clothes will never tumble any longer than necessary. A sophisticated Electronic Moisture Sensing Strip, located inside of the drum, comes into direct contact with clothes and accurately gauges when they are dried to your liking.

## NeveRust™ Stainless Steel Drum

Stainless Steel drum is the ultimate in durability. It's chip-proof, hygienic interior will not discolour.

DLEV833

TYPE	
Design Look	Front Control
Intelligent Electronic Controls with Dial-A-Cycle™	•
Capacity	4.1 cu.ft.
DRY PROGRAMS	
4 Programs	Cotton/Linen, Manual, Mixed Fabrics, Special Fabrics
5 Options	More Time, Less Time, Time Delay, Low Temperature, Wrinkle Care
5 Temperature Controls	High, Medium High, Medium, Low, Ultra Low
Dry Time	17 min/kg
