

ELECTRIC DRYERS

New LG SteamDryer™

DLEX2501

Performance

- Extra Large Load Capacity with NeveRust™ Stainless Steel Drum (7.3 cu.ft.)

Intelligent Fabric Care

- SteamFresh™ Cycle for Reducing Wrinkles and Refreshing Clothes
- Sensor Dry System for Intelligent Fabric Care and Energy Efficiency
- ReduceStatic™
- EasyIron™
- 9 Drying Programs
- 5 Temperature Levels
- Precise Temperature Control with Variable Heat Source
- FlowSense™ Duct Clogging Indicator
- Drying Rack
- Wrinkle Care Option
- Delicate and Ultra Delicate Cycles
- Custom Program

Style and Design

- Upfront Electronic Control Panel with Dual LED Display and Dial-A-Cycle™
- Brushed Metal Finish Rimmed Door with Clear Glass

Technology Benefits

- LoDecibel™ Quiet Operation

White

Graphite Steel

Titanium

Wild Cherry

ELECTRIC DRYERS

SteamFresh™

LG's innovative SteamFresh™ cycle makes it possible for you to refresh and reduce wrinkles in up to 5 garments at one time. Running late for work with no time to iron? Load a cotton blend shirt and select the SteamFresh™ cycle. You'll be ready to go in just 20 minutes.

ReduceStatic™

Neutralizes static electricity in normal loads by introducing steam during the final five minutes of the cycle.

EasyIron™

Evenly and lightly moistens load prior to end of cycle.

Intelligent Electronic Controls with Dual LED Display and Dial-A-Cycle™

Intuitive controls allow you to 'set it and go'. You can also save your favourite dry cycle by pressing Custom Program. You'll have optimized drying performance with the push of a button.

Sensor Dry System

Measures moisture in the drum during the cycle, then automatically adjusts the drying time and temperature for optimal fabric care.

FlowSense™ Duct Clogging Indicator

Detects lint build-up and decreased airflow in the duct system and signals that the duct should be cleaned.
