

## OVER-THE-RANGE/ CONVECTION MICROWAVE

# LMV1773

### PERFORMANCE

- 1.7 Cu.ft. Oven Capacity
- Convection Technology
- Combination Speed Cook
- 6 Sensor Cooking options
- 1350W Convection Power/ 850W Microwave Power
- 10 Power Levels
- Stoppable Turntable
- Halogen Cooktop Lighting

### STYLE AND DESIGN

- Monitor Look with Horizontal Keypad
- Full Stainless Steel Interior
- Elegant Hidden Top Vent
- Available in High Tech Stainless Steel Finish
- 12 Digit Dual Line Scrolling VFD

# OVER-THE-RANGE/ CONVECTION MICROWAVE

LMV1773

## Sensor Cook Technology: One Touch automatic cooking with better results!

As food is cooking, a sophisticated steam sensing device automatically adjusts power levels and cooking time. Upon sensing that food is fully cooked, the microwave shuts off, preventing over or under cooking. With this one-touch convenience feature, food is automatically cooked without having to input quantities or cooking times.

## Stoppable Turntable

The stoppable turntable provides the ultimate cooking flexibility. Use the turntable in the ON position for 360 degree cooking, and in the OFF position to accommodate larger oblong dishes.

## Convection Technology

With our convection microwave, you have all the convenience of a second oven. Now you can bake or roast all of your favorite foods in less time.

## Timed Ventilation System

The ventilation system can be programmed to shut off up to 30 minutes after cooking.

## CAPACITY

Oven Cavity (cu.ft) 1.7

## FEATURES

Output Power  
Microwave 850W  
Convection 1350W  
Unique Features Convection Oven Technology
