24" FRONT LOAD WASHER

DirectDrive™ Motor

DirectDrive™ Motors deliver power directly to the drum with fewer parts. Quiet, reliable and energy efficient. It's the ultimate in long-lasting reliability.

Water Heater

For the whitest whites without bleach! LG's water heater boosts water temperatures to 75° C/ 167° F on the Sanitary cycle.

SenseClean™ System

Automatically sets water levels and wash times based on weight and size of each load for optimal washing and efficiency.

NeveRust™ Stainless Steel Drum

Since the washer drum is stainless steel, it won't chip, rust, or transfer stains from the drum to the fabrics.

LoDecibel™ Quiet Operation

LG Washers are among the quietest in their class. DirectDrive™ and auto balancing help to reduce noise dramatically.
