Smooth Black

Stainless Steel

ENERGYSTAR® qualified models use at least 15% less energy than required by current federal standards. LG's Energy Star refrigerators allow consumers to save money, energy and protect the environment.

# FRENCH DOOR

## Multi-Air Flow Cooling

Multiple air vents along with deluxe shelving ensure an equal amount of chilled air reaches each shelf for quick and uniform cooling.

## Sophisticated Design, Inside & Out

Only with LG's exclusive styling package will you get contoured doors, hidden hinges, and other features that present a sophisticated and refined look.

## Premium Interior

The interior of the refrigerator adds to the already sophisticated styling with a wide open view, low profile shelving, and an integrated crisper and deli storage centre.

## 4 Compartment Crisper System

Our unique design arranges the storage drawers to give you more versatility for organizing your foods and beverages. This refrigerator comes with a full width, temperature-controlled Glide N' Serve™ drawer, twin humidity-controlled crispers, and a bonus drawer that is perfect for beverage cans.

## Environmentally Friendly

All LG French Door refrigerators are Energy Star® rated, which means they use at least 15% less energy than required by current federal standards. And LG uses Cyclopentane to insulate the refrigerator – an environmentally friendly material.
