Staying in touch has never felt so good. The **LG Dare** features a large 3-inch touch screen that gives you vibration tactile feedback and recognizes your handwriting.

You're sure to capture all the action with the **LG Dare's** 3.2 megapixel camera. The special Schneider-Kreuznach lens guarantees stellar image quality and advanced features like face detection lets you focus on what's most important.

With a host of other amazing features, like HTML web browsing, the TELUS mobile music player and Bluetooth stereo functionality, we dare you to pick one up. You won't be able to put it down.

Display

- Main LCD: 3 inch (240 x 400 pixel), TFT 262K Colour
