Report of Independent Accountants

To the Board of Directors and Shareholders of LG Electronics Inc.

We have reviewed the accompanying non-consolidated balance sheet of LG Electronics Inc. (the "Company") as of September 30, 2007, the related non-consolidated statements of income for the three-month and nine-month periods ended September 30, 2007 and 2006, and non-consolidated statements of cash flows for the nine-month periods ended September 30, 2007 and 2006, and non-consolidated statement of changes in shareholders' equity for the nine-month period ended September 30, 2007, expressed in Korean won. These interim financial statements are the responsibility of the Company's management. Our responsibility is to issue a report on these interim financial statements based on our reviews.

We conducted our reviews in accordance with the quarterly and semi-annual review standards established by the Securities and Futures Commission of the Republic of Korea. These standards require that we plan and perform our review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews, nothing has come to our attention that causes us to believe that the non-consolidated interim financial statements referred to above are not presented fairly, in all material respects, in accordance with accounting principles generally accepted in the Republic of Korea.

We have audited the non-consolidated balance sheet of LG Electronics Inc. as of December 31, 2006, and the related non-consolidated statements of income, appropriations of retained earnings, and cash flows for the year then ended, in accordance with auditing standards generally accepted in the Republic of Korea. We expressed an unqualified opinion on those financial statements in our audit report dated March 9, 2007. These financial statements are not included in this review report. The non-consolidated balance sheet as of December 31, 2006, presented herein for comparative purposes is consistent, in all material repects excluding the application of SKFAS No. 21 and the Korean Accounting Institute's Accounting Implementation Guide 06-2, with the above audited balance sheet as of December 31, 2006.

Samil PricewaterhouseCoopers

Without qualifying our opinion, we draw your attention to following matter.

As discussed in Note 2 to accompanying non-consolidated interim financial statements, the Company adopted the Korea Accounting Institute's Accounting Implementation Guide 06-2 and changed its method of accounting for income taxes on temporary differences in relation to investments in subsidiaries and equity method investees to comply with the new requirement. Accordingly, the financial statements presented for comparative purposes, have been restated to reflect the changes to conform with SKFAS No. 1.

Accounting principles and review standards and their application in practice vary among countries. The accompanying financial statements are not intended to present the financial position, results of operations and cash flows in conformity with accounting principles and practices generally accepted in countries and jurisdictions other than the Republic of Korea. In addition, the procedures and practices used in the Republic of Korea to review such financial statements may differ from those generally accepted and applied in other countries. Accordingly, this report and the accompanying financial statements are for use by those who are informed about Korean accounting principles or review standards and their application in practice.

Seoul, Korea November 6, 2007

This report is effective as of November 6, 2007, the review report date. Certain subsequent events or circumstances, which may occur between the review report date and the time of reading this report, could have a material impact on the accompanying non-consolidated financial statements and notes thereto. Accordingly, the readers of the review report should understand that there is a possibility that the above review report may have to be revised to reflect the impact of such subsequent events or circumstances, if any.

Notes to Non-Consolidated Financial Statements September 30, 2007 and 2006, and December 31, 2006

1. The Company

LG Electronics Inc. (the "Company") was spun off from LG Electronics Investment Ltd. (formerly LG Electronics Inc.) on April 1, 2002, to engage in the manufacture and sale of electronics, and information and communication products. The former LG Electronics Inc. was incorporated in October 1958 under the Commercial Code of the Republic of Korea to manufacture and sell electronics, and information and communication products, and had its shares listed on the Korea Stock Exchange in April 1970.

As of September 30, 2007, the Company's main manufacturing facilities are in Kuro, Pyeongtaek, Chongju, Gumi and Changwon in the Republic of Korea.

As of September 30, 2007, the Company has outstanding capital stock amounting to \$\pm 809,169\$ million, including non-voting preferred stock. The Company's stock was relisted on the Korean Stock Exchange on April 22, 2002, and its depositary receipts were relisted on the London Stock Exchange in September 2002.

2. Summary of Significant Accounting Policies

The significant accounting policies followed by the Company in the preparation of its non-consolidated interim financial statements are summarized below:

Basis of Financial Statement Presentation

The Company maintains its accounting records in Korean won and prepares statutory financial statements in the Korean language in conformity with accounting principles generally accepted in the Republic of Korea. Certain accounting principles applied by the Company that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with generally accepted accounting principles in other countries. Accordingly, these financial statements are intended for use by those who are informed about Korean accounting principles and practices. The accompanying non-consolidated financial statements have been condensed, restructured and translated into English from the Korean language non-consolidated financial statements. Certain information attached to the Korean language non-consolidated financial statements, but not required for a fair presentation of the Company's financial position, results of operations or cash flows, is not presented in the accompanying non-consolidated financial statements

Accounting Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect amounts reported therein. Although these estimates are based on management's best knowledge of current events and actions that the Company may undertake in the future, actual results may differ from those estimates.

Application of the Statements of Korean Financial Accounting Standards

The Korean Accounting Standards Board has published a series of Statements of Korean Financial Accounting Standards (SKFAS), which will gradually replace the existing financial accounting standards established by the Korean Financial Supervisory Commission. As SKFAS Nos. 18 through 20 became applicable to the Company on January 1, 2006, the Company adopted these standards in its financial statements covering periods beginning January 1, 2006.

Notes to Non-Consolidated Financial Statements September 30, 2007 and 2006, and December 31, 2006

And as SKFAS Nos. 21 through 23, including No.11, became effective for the Company on January 1, 2007, the Company adopted these Standards in its financial statements as of and for the nine-month period ended September 30, 2007. However, the non-consolidated statement of changes in shareholders' equity is not presented comparatively, in accordance with the addendum of SKFAS No. 21. And, the Company presented the non-consolidated statements of cash flows and changes in shareholders' equity only for the nine-month periods, in accordance with revised SKFAS No. 2.

The Company adopted the Korea Accounting Institute's Accounting Implementation Guide 06-2, Accounting treatments for deferred tax assets and liabilities relating to subsidiaries, equity method investments and joint ventures investments, and the Financial Supervisory Service's Accounting Implementation Guide 06-5, Accounting treatments for valuation on unlisted company, in its financial statements for the nine-month period ended September 30, 2007. The December 31, 2006 financial statements, presented herein comparative purposes, have been restated to reflect the changes in accordance with SKFAS No. 1. The effect of the change was a decrease in retained earnings as of January 1, 2007 and 2006, by \$\forall 44,696\$ million and \$\forall 71,181\$ million, respectively, and decrease in accumulated other comprehensive income as of January 1, 2007 and 2006, by \$\forall 159,664\$ million and \$\forall 179,970\$ million, respectively.

The effects of the change on net income and earnings per share for the three-month and nine-month periods ended September 30, 2006 and 2005, and for the years ended December 31, 2006 and 2005, are as follows:
