### Easy Management & Usability

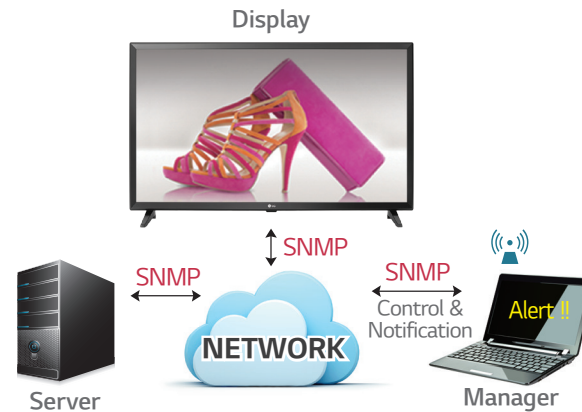

#### Wake-up On LAN

WOL is the Ethernet computer networking standard to turn on TV or PC by transferring a network message. The message is transferred through another computer connected the same local areas.

#### SNMP

SNMP (Simple Network Management Protocol) ensures convenient network management for SI and business managers.

#### Compatibility with AV Control system

This LG TV has Crestron Connected Certification, a function that is dedicated to meeting room and that meets the growing need in corporate meeting space market.

\* It is a network based control system.  
Available AV control systems may differ by regions.
