

Artistic Space Beyond Display

OLED Video Wall Series

The video wall OLED signage delivers the deepest black against which colors come alive, so that advertising impact is maximized with life-like content reproduction. Users can expand the size of the screen as much as they want by tiling up displays horizontally. With this excellent expandability and minimized seam, this signage promotes a new level of immersive viewing experience, adding artistic value to premium spaces.

Key Points

- Unrivaled life-like picture quality providing intense colors on perfect black using LG OLED technology
- Unbelievable slim and light design for a sleek look and easy space utilization
- Customizable to fit the desired screen size with exceptional expandability (1×N)
- Maximized immersion of viewing experience with minimized seams through panel overlap

Artistic Space Beyond Display

OLED Video Wall Series

Key Features

Unrivaled OLED Display

Perfect Black

Limitless contrast and deepest black

Self-lighting pixels switch off completely to reproduce black. No light bleeding. Absolute black offers infinite contrast.

LCD

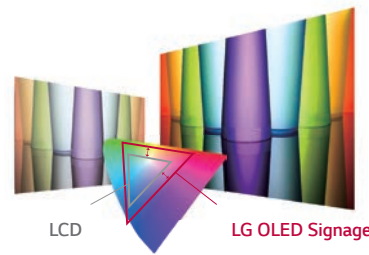

LG OLED Signage

Perfect Color

Accurate & stable color reproduction

Self-lighting pixels bring colors to life with superb accuracy. Brilliant colors provide viewers with an incredibly realistic experience.

LCD

LG OLED Signage

Perfect Viewing Screen

Wide viewing angle

LG OLED Signage delivers awe-inspiring picture quality across the entire screen, even from wide viewing angles.

LCD

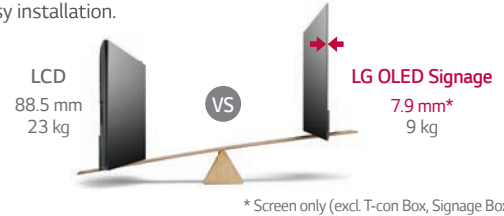

LG OLED Signage

Perfect Design

Slim and light

Composed of just two layers, the LG OLED Signage display is unbelievably lightweight and thin. It enables both design flexibility and easy installation.

* Screen only (excl. T-con Box, Signage Box)

Truly Immersive Screen

1 x N Expandability

The OLED screen size can be as large as users want by tiling up displays horizontally.

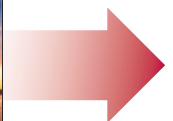

1 x 2

1 x 3

1 x 4

- 1 x N

* The product doesn't support N x N configuration (ex. 2x2, 2x3, ...) but 1 x N only.

One Perfect Look with Minimized Seam

Minimized seam makes connected displays seem like one perfect screen, providing much more immersive viewing experience and greater advertising impact.

Seam : 3.5mm*
(A to A: Active area to Active area)

*Based on 55EV5D
