Commercial Lite

LW300C (ASIA/MEA)

Essential Commercial TV with Multiple Use

LG Commercial Lite TVs are designed specifically for hospitality and business environments. With the use of simple user-friendly interfaces and superb images and video, the LW300C facilitates communications between businesses and their target audiences.

LW300C

- Welcome Screen/Video
- USB Cloning
- RS-232C
- USB Auto Playback+
- Time scheduler

screen size

32", 43"

Key Features

USB Cloning

Clone all commercial TVs with astonishing speed and ease. The USB Cloning feature allows you to simply copy the TV settings to all TVs using a USB memory device.

USB Auto Playback+

Create and sequentially play playlists composed of informative media (video, music and image) you choose without PC and any installation.

Time Scheduler

Create your own time scheduler of your Commercial TV. Once you set opening/closing hours and holidays, the TV will turn on/off according to work schedule.

Simple & Effective Maintenance

Hotel Mode

From channel selection to volume setting, you can control the TV settings in all the rooms with Hotel Mode. Prevent misuse by customers, set volume limits, or reset settings to default for any TV. You are in control of it all.

Lock Mode

The Lock Mode blocks external input signals with non-compliant content. A useful feature for preventing misuse of TVs in various facilities or public spaces.
Remote Diagnostics (USB)

Enables service engineers to recognize technical issues in a TV quickly and easily through a USB. The TV stores any technical issues encountered and can output them to a USB device. Service engineers use this information to analyze technical issues without the actual TV.

Entertainment & Convenience

Welcome Screen/Video

With the capability to display repeatedly various video formats as well as images, Commercial Lite TVs allow for a greater variation of greeting messages in hotel rooms which make customers feel more welcome and cared for.

Multi IR

Multi IR function eliminates the remote control signal interference between TVs in multiple dwelling beds. This system will work using the same LG TV model.

IR OUT

Just connect your interactive set-top-box to LG Commercial TV. With a single remote control, the LG TVs in your hotel solution fall under your control.
