

Welcome Screen

Having a warm greeting message with Hotel name and its logo on the TV when customers enter their rooms will let them feel more welcomed and cared for. A little thing can make a big difference.

USB Auto Playback

LG Commercial TVs recognize playable contents in external storages and play them automatically.

MHL (Mobile High-Definition Link)

MHL connects smart phones to the TV instantly, mirroring content in HD quality, just like connecting a PC through an HD cable. Moreover, it allows you to control the phone's content on the TV with a remote control.

Remote Jack Pack

The plug and play function of the Remote Jack Pack enables them to view their media on the hospitality TV screen easily and whenever they wish.

Specification

Video	Size	39" / 42" / 47" / 55" / 60"	
	Resolution	1920 x 1080 (FHD)
