

Welcome Screen

Having a warm greeting message with Hotel name and its logo on the TV when customers enter their rooms will let them feel more welcomed and cared for. A little thing can make a big difference.

One Channel Map

One Channel Map feature allows users to edit and list the channels of their choice from any of the multiple broadcasting signals.

USB Auto Playback

LG Commercial TVs recognize playable contents in external storages and play them automatically.

Lock Mode

The Lock Mode blocks external input signals for illegal communication, a useful feature for preventing misuse of TVs in facilities such as prisons, mental hospitals and other applicable public spaces.

Specification

Video	Size	22H" / 28H" / 32H"
	Resolution	1920 x 1080 (FHD) (28H"/32H" : 1366 x 768 (HD))
