Stainless Steel

LG front load washers exceed Energy Star® classifications by a minimum of 39%.

NSF certifies the SANITARY course which is intended for reducing 99.9% of bacteria and other harmful microscopic organisms on laundry.

FRONT LOAD WASHERS

Allergiene™

Allergiene™ cycle is proven to reduce certain allergens such as house dust mites and domestic animal dander.

SteamFresh™

LG's innovative SteamFresh™ cycle makes it possible for you to refresh and reduce wrinkles in up to 5 garments at one time. Running late for work with no time to iron? Load a cotton blend shirt into the SteamWasher™ and select the SteamFresh™ cycle. You'll be ready to go in just 20 minutes.

Intelligent Electronic Controls with Big LCD Display

Intuitive controls allow you to 'set it and go'. The large LCD display provides instructions and diagnostics while keeping you updated on the cycle status and time remaining.

Remote Monitor Ready

LG's Remote Monitoring System makes it easier to keep tabs on your laundry. Simply plug the modem into any outlet in your home and it communicates with the machine to display the time remaining in the cycle. Whether you're putting away groceries or relaxing with a good book, you'll know how much time is left. Your repeated trips to the laundry room are over.

Stackable or Side by Side?

Your Choice. Less space? Try stacking the washer and dryer. More space? Place them side by side or under a counter. Don't want to bend down so far to load or unload clothing? Add our 13.7" high drawer pedestals. They're also a great place to store laundry products.
