LG front load washers exceed Energy Star® classifications by a minimum of 39%.

NSF certifies the SANITARY course which is intended for reducing 99.9% of bacteria and other harmful microscopic organisms on laundry.

FRONT LOAD WASHERS

Allergiene™

Allergiene™ cycle is proven to reduce certain allergens such as house dust mites and domestic animal dander.

SteamFresh™

LG's innovative SteamFresh™ cycle makes it possible for you to refresh and reduce wrinkles in up to 5 garments at one time. Running late for work with no time to iron? Load a cotton blend shirt into the SteamWasher™ and select the SteamFresh™ cycle. You'll be ready to go in just 20 minutes.

Ultra Capacity with NeveRust™ Stainless Steel Drum

One of the largest capacity front-load washers for the consumer market which means fewer loads, easy handling of large comforters and better water and energy efficiency.

Direct Drive Motor

Power is delivered right to the drum from the motor without belts, resulting in a highly durable, powerful and quiet washing machine.

Electronic Control Panel with Dial-A-Cycle™

Intuitive controls allow you to "set it and go". You can also save your favorite wash cycle by pressing Custom Program.

SenseClean™ System

The water level and wash time are set automatically based on the weight and size of each load for optimal washing care.
