Activating Touch2Talk℠ Service

Alltel's Touch2Talk walkie-talkie capability lets you talk instantly with one or more people with a simple press of your thumb. Here's how to get started:

1. Press and *hold* the **T2T Key**.
2. Press the **Left Soft Key** for **Yes** to activate T2T service.
3. Enter your name and press **OK**.

T2T Icon Descriptions:

Individual:
- Available
- Silent
- Do Not Disturb
- Unavailable
- Pending
- Outgoing Call
- Incoming Call
- Missed Call
- Message Alert

Group:
- Available
- Silent
- Do Not Disturb
- Unavailable
- Pending
- Outgoing Call
- Incoming Call
- Missed Call

Adding a T2T Contact/Group

Touch2Talk contacts are separate from your standard phone contacts. You can add up to 99 individual contacts and up to 30 groups.

Adding a New T2T Contact:

1. From the **Touch2Talk (4)** menu, select **New T2T Contact (2)** and press **OK**.

2. Enter the contact name and the 10 digit mobile number and press **OK**.

3. Press the **Left Soft Key** for **Done**.

Adding a New T2T Group:

1. From the **Touch2Talk (4)** menu, select **New T2T Group (3)** and press **OK**.

2. Enter a group name and press **OK**.

3. Select members to add to the group and press **OK**, or press the **Right Soft Key** to enter new T2T members.

4. Press the **Left Soft Key** for **Done**.

Making a T2T Call/Group Call

With Touch2Talk, you can talk with individual contacts or all the members of a T2T group. You can have up to 30 separate groups and up to 20 people in each group.

1. From standby mode, press and *hold* the **T2T Key**.

2. Highlight a name or group from the contacts list.

3. Press and *hold* the **T2T Key** and begin speaking after you hear the T2T talk tone.

4. Release the **T2T Key** when you're done speaking.

Bluetooth® Pairing

The AX355 can connect with other Bluetooth enabled devices like headsets, speakerphones, and laptops that are nearby so you can make calls and share data wirelessly.

1. From standby mode, press the **Left Soft Key** for **Menu** and select **Settings (9)**.

2. Scroll up and select **Bluetooth (8)**.

3. Select **Paired Devices (1)**.

4. Press the **Right Soft Key** for **New** and press **OK** to search for new Bluetooth devices within range.

5. Press **OK** once again to turn on Bluetooth.

6. Once a device has been found, press **OK** to select it for pairing.

7. Enter the device's passkey (typically "0000"– 4 zeroes) and press **OK** to pair. If you don't know the passkey, consult the user manual of the device you are trying to pair.

8. Press **OK** to connect.

The Bluetooth trademark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by LG Electronics is under license.

Taking a Picture

Take rich photos day or night with the 1.3 megapixel camera with flash. Then let everyone else in on the fun by sending them instantly to your favorite contacts.

1. To take a picture, press the 📷 **Key.**

2. Press **left** or **right** on the Navigation Key to adjust brightness and **up** or **down** for zoom* and press **OK**. Press the **Right Soft Key** to adjust resolution, quality, flash, and multishot*.

3. Press 📷 to take the picture.

4. Press the **Left Soft Key** to save or press **OK** to send.

Note: To take self-portraits with flip closed, press and *hold* the side 📷 **Key**. Press side volume key to activate viewfinder, then 📷 to take picture.

To view pictures, press the 📷 **Key**, then select **Gallery**.

*Camera setting of 1280 x 960 does not support zoom or multishot functions.
