

GS170

A PHONE AS SENSIBLE AS YOU ARE.

AUDIENCE

For you, a phone is all about communication. You want to hear people's voices and read messages from those who need you. Checking e-mails? Downloading software? Accessing Documents? You have a computer for that. You're not focused on impressing your friends with the latest "pocket PC"—you just need to give your niece a call, confirm a pick up time with your son from practice, or hear what your sister's been up to.

ATTRIBUTES

Stay-in-touch the sensible way with the GS170, an affordable phone from LG. Whether it's in your glove compartment for emergencies or your pocket every day, this phone will cover your calling and text messaging needs without cluttering or confusing you with a lot of unnecessary features you don't care about—or crippling your budget with a big price tag.

ADVANTAGES

SHARE THE CONVERSATION

One-touch speakerphone brings the whole kitchen table into the conversation with the push of a button.

TAKE THE KIDS WITH YOU
