QWERTY Keyboard

Using the External Touch Display

LG Mystique features a convenient external touch display for easy access to important features.

1. With the flip closed, unlock the external touch display by pressing  twice or pressing it once and then pressing and *holding* the **Lock icon**.
2. Touch an icon on the display or press and *drag* the external touch display to the left or right to access the Messaging, Speed Dials, Call History, Music, Calendar, or Multimedia screens.
3. Return to the main screen at any time by touching the **Back icon**.

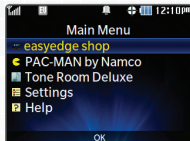

Using the Dedicated Hot Keys

Take advantage of three dedicated hot keys for one-key access to **easyedge**, music, and voice commands.

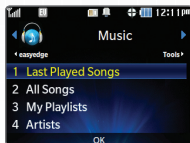

Access easyedge

1. From standby mode and with flip open, press **easyedge**.
2. Select **easyedge** from the list by pressing **MENU OK**. From here, you can browse the applications catalog, search by keyword, or learn more about **easyedge**.

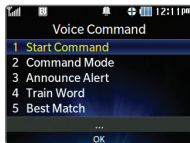

Listen to Music

1. With a microSD card containing music already in your phone and the flip open, press **MUSIC**.
2. Select **All Songs (2)** and then press **MENU OK** for **Play** to start playing all of the music on your memory card.

Use Voice Commands

1. From standby mode and with flip open, press **VOICE**.
2. Press **MENU OK** for **Start Command**.
3. To call a contact, say "Call [contact's name]" or "Call [contact's number]." For example, "Call Ann."

Using the Camera with Flip Closed/Open

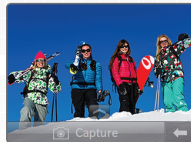

Snap photos on the fly with LG Mystique! Take pictures of your friends with the flip closed and self-portraits with the flip open.

Flip Closed

1. With the flip closed, unlock the external touch display. (See the "Using the External Touch Display" panel.)
2. Press and *hold*  to access the camera viewfinder. You can tap the **Arrow icon** to access settings.
3. Press  to take the picture. This camera orientation is ideal for taking photos of subjects in front of you.

Flip Open

1. From standby mode and with the flip open, press and *hold* .
2. The settings menu will disappear after a moment. You may then press **left** or **right** on the **Navigation Key** to adjust the brightness or **up** on the **Navigation Key** to bring the settings menu back. You may also press the **Right Soft Key** for **Options**.
3. Press  to take a photo. This camera orientation is ideal for taking self-portraits.

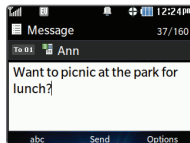

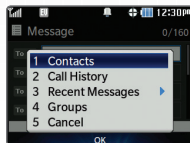

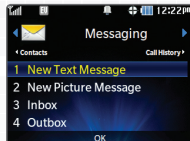

*Default camera setting of 1600 x 1200 pixels does not support zoom function.

Sending a Text Message

Stay in touch without placing a call with convenient text messaging on LG Mystique.

1. From standby mode and with the flip open, press the **Left Soft Key** for **Message**.
2. Press  to start a new message. Enter a phone number or press the **Right Soft Key** for **Options** to insert a number from your contact list.
3. Press  to move to the text field. Enter your message using the QWERTY keyboard, and then press  for **Send**.
