Bluetooth® Capable

1.3 Megapixel Camera/Camcorder with Flash

Speaker-Independent Voice Recognition

One-Touch Speakerphone

UX355
Bluetooth® Camera Phone

With Bluetooth technology, the UX355 can interact wirelessly with headsets, laptops, and more. It's both a 1.3 megapixel camera for snapshots and a camcorder for 15-second video clips. Speaker-independent voice recognition and a one-touch speakerphone make it easy to go hands-free. And it's full of hidden features — like a color external LCD that disappears when the phone is inactive for a smoother, sleeker look.
