# Getting to Know Your Phone

# Adding SpeedTalk<sup>SM</sup> Contacts

No dialing. No phone tag. Simplify your busy life with SpeedTalk<sup>SM</sup> walkie-talkie service. Save your voice minutes for traditional wireless calls with unlimited walkie-talkie service.

1. From the **SpeedTalk (4)** menu, select **New ST Contact (2)** and press **OK**.
2. Enter the 10 digit contact number and press **OK**.
3. Enter the contact name and press **OK**. (You can add up to 250 individual contacts.)

**Note:** You can easily update your list of SpeedTalk contacts through your computer too. Just go to [www.uscellular.com/speedtalk](http://www.uscellular.com/speedtalk).

# Adding SpeedTalk<sup>SM</sup> Groups

Once you program your individual SpeedTalk<sup>SM</sup> contacts, you can create up to 50 groups with up to 25 contacts in each one. So you can talk to all of your team at once.

1. From the **SpeedTalk (4)** menu, select **New ST Group (3)**, and press **OK** twice.
2. Enter a group name and press **OK**.
3. Press the **Left Soft Key** to save.
4. Highlight your new group and press **OK**.
5. Press the **Right Soft Key** for **Options**.
6. Select **Add buddy (2)** and press **OK** to select contacts to add to the group.
7. Scroll down to the contact you would like to add and press **OK**.
8. Repeat these steps until you've added all of the contacts you'd like.

**Note:** You will **ONLY** be able to select contacts to add to your groups who have been entered into your individual contact list for SpeedTalk.

# Making SpeedTalk<sup>SM</sup> Barge Calls

A SpeedTalk barge call is connected without an incoming call alert. The voice of the caller is immediately heard on the recipient's phone.

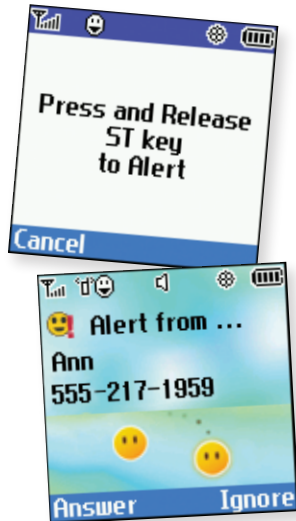

1. From standby mode, press and *hold* the **ST Key**.
2. Highlight a name from the contacts list.
3. Press and *hold* the **ST Key** and begin speaking after you hear the ST talk tone.
4. Release the **ST Key** when you're done speaking.

# Making SpeedTalk<sup>SM</sup> Alert Calls

Not sure if the person you want to call is free to talk? Then use the alert call capability to give them an audible notification of your incoming SpeedTalk<sup>SM</sup> call. The receiving party has the option to answer or ignore the call.

1. From standby mode, press and *hold* the **ST Key**.
2. Highlight a contact and press the **Left Soft Key** for **Alert**.
3. Press the **ST Key**. The receiver will hear the alert tone and receive an alert message.
4. If the receiver answers, press and *hold* the **ST Key** and begin speaking after you hear the ST talk tone.
5. Release the **ST Key** when you're done speaking.

**Note:** Alert calls can only be sent to individuals, not groups.

# Making SpeedTalk<sup>SM</sup> Group Calls

Using the SpeedTalk<sup>SM</sup> group call feature, you can make a multiparty call with all the contacts of a SpeedTalk group, so everyone can weigh in at one time.

1. From standby mode, press and *hold* the **ST Key**.
2. Use the Navigation Key to highlight a group from the contacts list.
3. Press and *hold* the **ST Key** and begin speaking after you hear the ST talk tone.
4. Release the **ST Key** when you're done speaking.
