

# VX4500

1.9 GHZ PCS, 800 MHZ CDMA (ALL DIGITAL)

## A WAY WITH WORDS

The new VX4500 by LG offers consumers the latest in mobile technology with Voice Command. Enabled with speaker-independent voice recognition, the VX4500 allows any user to dial a number by speaking the name of a contact from the phone book, or by speaking the digits of a phone number. Voice Command also provides quick and easy access to other essential functions and when used with the two-way speaker phone and Drive Mode, the VX4500 allows for true hands-free operation.

The attractive VX4500 is also packed with a long list of other great features, including a full color internal display, CMX MIDI for ringers and sounds, 36 ringtones and an extra large phone book. Users can also download and store graphics and sounds with the "My Media" function. Of course, the VX4500 is Get It Now<sup>SM</sup> capable and with Verizon's Enhanced Messaging Service (EMS), text messages can be created, sent and received with graphics and sound.

When it comes to style, technology and innovation, the LG VX4500 with Voice Command speaks volumes!

# VX4500
