

## STEAMDISHWASHER™

Stainless Steel

### LDF9932ST

#### Steam Cleaning

Allows for thorough cleaning of baked on foods while using less water than other power scrub methods. Also allows for enhanced cleaning performance when cleaning fine china and stemware items on delicate cycle. The gentle power of steam!

#### LoDecibel™

Ultra Quiet at only 45dB with built in disposer, this dishwasher is among the quietest in the industry.

#### Fully Integrated Controls

The controls are integrated on the top of the door allowing for a sleek and sophisticated outward appearance. The SmoothTouch™ controls are activated with a light touch of your finger tips, and are a pleasure to use.

#### Signalight™ LED Cycle Indicator Lights

The LDF9932ST SteamDishwasher™ showcases four LED lights signifying the status of the wash process – the first three blue lights reveal the wash, rinse, and dry portions of the cycle, the green light indicates that the dishes are clean.

#### Tallest Tub with Maximum Capacity

- 16 place setting capacity
- 3rd rack for utensils that provides ample storage for hard to clean, hard to place items, resulting in more practical capacity
- Holds up to 10" dishes and stemware on the upper rack and up to 14" dishes, pots, and pans on the lower rack
- The Design-A-Rack™ System and DuraGlide™ Upper Rack allow for removable and adjustable tines, and an upper rack that is easily adjusted and maneuvered for maximum loading flexibility

#### Dual Intensity™ Wash Cycle

This setting enables you to fully customize the wash cycle intensity for the upper and lower racks independently – all in the same load.

#### SenseClean™ Wash System

The turbidity of the water is automatically measured during the first rinse. The water and cycle time are adjusted based on the need for more or less cleaning. This not only provides excellent cleaning, but water and energy efficiency as well.

ENERGYSTAR® qualified models exceed the Department of Energy standards for energy consumption by at least 25%. LG's Energy Star dishwashers allow consumers to save money, energy and protect the environment.

# STEAMDISHWASHER™

## Additional Features

- Built-In Food Disposer
- Hybrid Condensing Drying System
- Stainless Steel Extra Large Tub

## Adjustable Third Rack

## Steam Nozzles

## Large Capacity
