Slim SpacePlus™ Ice System

It's great having an ice maker, but not if it means you can't fit all of your food in the fridge or freezer. The Slim SpacePlus™ ice system frees up additional shelf space and additional door space.

SMART AND HANDSOME

If you've ever been frustrated with a refrigerator this LG unit may be your answer. We freed up that valuable top-shelf space by moving the ice maker to the refrigerator door. The water dispenser is extra tall so you can fill nearly any size container. And it comes with a 4-compartment crisper system for extra convenience. Oh, and it comes with our own Exterior/Interior Styling Package, so it's quite stylish too.

Tall Ice & Water Dispensing System

From pitchers to pint glasses: finally a water dispenser that can accommodate just about all. The water- and ice-dispenser in this LG refrigerator is one of the tallest around, measuring in at an ultra-accommodating 13 inches.

10-Year Warranty on Linear Compressor

When you buy a refrigerator, you don't want to worry that it won't last. Because the Linear Compressor uses fewer moving parts and operates more efficiently, LG confidently backs the compressor with a 10-year warranty.
