- Smart Oven Light
- 12 Hr. Automatic Shut-Off
- Self-Cleaning  
(Upper and Lower Ovens)

## TWO OVENS. NO COMPROMISES.

You don't have to choose between great space and great features. This gas double oven has the largest capacity in the industry at 6.1 cubic feet, and the most useable cook top space. It's also packed with great features that make cooking easier and less time consuming like infrared grill cooking everyday foods like chicken breasts and hamburgers over 20% faster, and the SuperBoil™ burner. Now you really can cook faster and with more control than ever.

#### Infrared Grill

LG's first infrared heating element gets your oven to broil temperature more quickly and cuts over 20% off your cooking time on common items like hamburgers and chicken breasts. Infrared cooking – which uses the same technology as premium outdoor grills – also allows your food to be juicier than traditional thermal cooking.

#### SuperBoil™ Burner

Spend less time waiting and more time cooking. The powerful Superboil™ 17,000 BTU Burner brings water and other liquids to a boil quickly.

#### Large Capacity

LG offers you the largest capacity gas double oven in the industry – which gives you the greatest flexibility to cook. Make two meals at once – Allows you to cook different dishes at different temperatures all at the same time. Gives you room for everything you'd need for a holiday dinner.
