Is it a TV? Or something better?

Dazzle your eyes in more ways than one with LG's INFINIA™ LE7300. Go beyond what you expected from an LCD with LG's dazzling LED technology and take in the best viewing experience from a host of other groundbreaking innovations from LG.

Tired of dark scenes or dull colors? LG's LED technology provides a slim profile and delivers amazing brightness, clarity and color detail, as well as greater energy efficiency compared to conventional LCD TVs.

TruMotion
120Hz

Less blur. More action. TruMotion 120Hz technology lets you see sports, video games and high-speed action with virtually no motion blur. Now your TV can keep up with your fast-moving entertainment.

Double the detail. This stunning picture is the reason you wanted HDTV in the first place. With almost double the pixel resolution, Full HD 1080p gives it superior picture quality over standard HDTV. You'll see details and colors like never before.
