In addition to providing mobile access to your Gmail inbox and syncing your Gmail contacts, setting up a Google™ Account on Optimus C will allow you to take advantage of many of your phone's other great features, such as Google Talk™ and Android Market™.

## Sign in to a Google Account

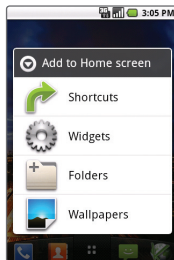

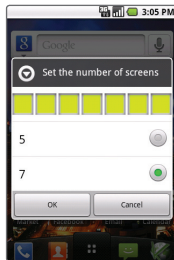

1. From the Home screen, touch the **Applications Tray icon**  > **Gmail**.
2. Read the information and touch **Next** to continue.
3. Touch **Sign in**. (You may also create a Google Account if you don't yet have one. Just touch **Create** and follow the on-screen steps.)
4. Enter the username and password associated with your Google Account and touch **Sign in** again.
5. Touch **Finish setup**.
6. Once syncing is complete, you'll be taken to your Gmail inbox. Touch **OK** to close the What's new in Gmail? prompt.
7. Touch an email to read it, or press  for more options.

## Customize Your Phone

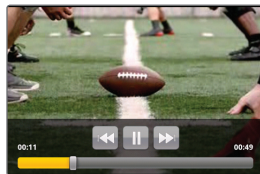

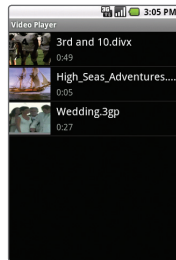

Add shortcuts, favorites, apps, and widgets to your choice of five or seven home screens, and add live wallpaper for a moving, interactive background. Organize your Optimus C to fit your lifestyle!

1. From the Home screen, press  > **Home settings.**
2. Touch **7** > **OK.**
3. Swipe to an empty home screen and then press and *hold* an empty part of the screen.
4. Touch a category, and then select an item from the list.

Optimus C expands your viewing options with its powerful video player with DivX video support. Watch all of your favorite movies when you're on the go.

1. From the Home screen, touch the **Applications Tray icon**  > **Video Player**.
2. Touch the name of a video.
3. Rotate the phone for a landscape view.
4. Touch the screen to access video controls.

## Download an App

With thousands of apps available in Android Market, you're sure to find just the right one for every need. Find apps for organization, shopping, communication, and more, or download a game to enjoy a little downtime.

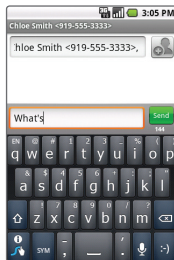

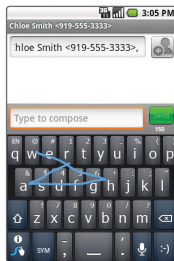

1. From the Home screen and with a Google Account already set up on your phone, touch **Market**.
2. Read the Terms of Service and touch **Accept**.
3. You can browse featured apps, select a category, or search for an app. To search, tap the **Search icon** , enter the search term, and touch the **Search icon**  again.
4. Touch an app to view details.
5. Touch **Buy** (paid apps) or **Install** (free apps). (To purchase a paid app, you'll need to set up a payment method with Google Checkout™.)
6. Read the application access information and touch **OK**.
7. Once the app has been downloaded and installed, you can find it in the Downloads section of the Applications Tray.

## Use Swype® Text Entry

Optimus C features a virtual QWERTY keyboard with Swype, an innovative method of text entry. Simply swipe your finger across the virtual keyboard in one continuous motion to spell words and web addresses faster than ever.

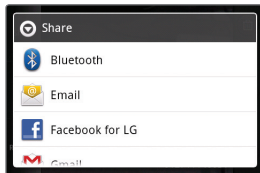

- To use Swype, pull up the virtual keyboard and move your finger in one motion over the corresponding keys in your word. Don't worry about entering apostrophes separately—for instance, to spell "What's," you'd drag your finger across w-h-a-t-s.
- Swype will automatically add a space between words as you begin composing the next word.
- To enter the same letter in a row, trace a circle on that letter.
- You may be presented with several word options. Simply touch the word you wish to insert.

## Take and Send a Picture
