

## WM2601HW/HR

Front Load Washers

As a leader in high efficiency front load laundry, LG has changed the industry with leading edge style and design which includes the new square door design, intelligent controls, and beautiful designer colors.

Available colors:

Wild Cherry Red  White

### PERFORMANCE

- 4.5 cu.ft. Ultra Capacity with NeveRust™ Stainless Steel Drum (IEC)
- Direct Drive Motor for the Ultimate in Durability and Reliability
- 10° TilTub™ for Easy Reach into the Rear of the Drum
- 1200 RPM Powerful Spin for Efficient Water Extraction
- Wash/Rinse Optimizer™
- SenseClean™ System for Intelligent Fabric Care
- 9 Washing Programs
- 5 Temperature Levels
- RollerJets™
- Sanitary Cycle
- Delay Wash (up to 19 hours)
- Custom Program

### STYLE AND DESIGN

- Upfront Electronic Control Panel with LED Display and Dial-A-Cycle™
- Large Chrome Rimmed Door with Glass
- Stackable with Matching Dryer
- Optional Matching Drawer Pedestal

### TECHNOLOGY BENEFITS

- TrueBalance™ Anti-Vibration System
- LoDecibel™ Quiet Operation
- Highly Energy and Water Efficient

NSF certifies the SANITARY cycle which is intended for reducing 99.9% of bacteria and other harmful microscopic organisms on laundry.

LG front load washers exceed Energy Star® classifications by a minimum of 39%.

## Front Load Washers

### Ultra Capacity

4.5 cu.ft. Ultra Capacity is among the largest washers available. This allows for larger loads saving you time and energy.

### Large Door Opening

The 16.93" extra large door opening is one of the largest openings available. This allows for a spacious opening for easier access for loading and unloading clothes and bulky items.

### Intelligent Electronic Controls with LED Display and Dial-A-Cycle™

Intuitive controls take the guesswork out of doing laundry allowing you to 'set it and go'.

### Wash/Rinse Optimizer™

The Wash/Rinse Optimizer™ delivers enhanced washing and rinsing performance. A special sensor determines the amount of detergent and water hardness, making automatic adjustments to the wash/rinse processes. When there is too much detergent, additional rinse cycles are added to virtually eliminate soap residue making fabrics more comfortable on sensitive skin as well as ensuring a "like new" appearance on dark clothes. When too little detergent is used, this feature extends the wash cycle to ensure adequate cleaning performance.
