LG OPTIMUS *Elite*™

Elite for Every Day

For those who have been thinking about purchasing a smartphone but have been holding off, the wait is over! Now new users can enjoy the best of both worlds – intuitive features that are accessible through an easy-to-use interface.

Optimus Elite™ is built on the Android™ platform, which runs like a dream and works together with all the Google™ services users already have. It also has other hot features like: the spacious touch screen that makes navigation simple, a 5 MP camera that's perfect for snapping and sharing photos, and a powerful processor to keep it all running smoothly. With all this plus more, Optimus Elite users won't be disappointed by this smart performance.

Easy Access What's a perfect smartphone experience? It's when the Android Platform, Gmail,™ Calendar, IM, and Docs™ are all designed to work together perfectly.

Elite Extras Now when you activate your Google Wallet™ account and set up your Google Prepaid Card on the LG Optimus Elite you'll receive $25[1] in Google Wallet™ spend, plus 50 GB[2] of Box® storage for free, so making payments and saving docs and files is a snap.

Screen Envy The large 3.5" touch screen fits your hand, but its .39" thin and 4.25 oz. light body is still comfortable in your pocket – it's the ideal combination of useful, beautiful, and portable.

Social Scenes Don't just take great pics and videos with the 5 MP camera with flash and camcorder — share them with picture messages or upload to social networks.

Power Trip The 800 MHz processor keeps users multitasking; from IM's to picture messages to emails to appointments, it's all running quickly and smoothly.

[1] See reverse side for more details on the credit.
[2] The 50GB of free storage is exclusive to the LG Viper and other LG devices until July 22, 2012. Some features are available with Box Business and Enterprise only. Please visit www.box.com/pricing for more information.
