

# Quick Start

LG A380

# Entering Text

## Changing Text Entry Mode

- ① While in a text field, such as composing a text message, the text entry mode indicator is shown in the upper right corner of the display. Press the **Left Soft Key** and select **Text Entry Mode** .
- ② Press  to choose an input method.

## Using Abc

- ① Press a number key (2 through 9) multiple times until the preferred letter is shown on the screen. Press once to enter the first letter on the keypad; quickly press twice to enter the second letter, and so on.
- ② Press the **0 Key** to add a space; press and hold the **0 Key** to enter 0.
- ③ Press the **1 Key** to enter a period; quickly press it again to cycle through additional punctuation and other symbols.

## Using T9

- ① Press each key once that corresponds to the letter you want to enter. The letters are shown on the display as they are entered, and the suggested word changes as each key is pressed.
- ② Press the **# Key** to cycle through suggested words.
- ③ Press the **0 Key** to insert a space or press the **1 Key** to enter a period; press the **Right Soft Key** for **Next** to insert additional punctuation and other symbols.

- ⑥ Press  for **Yes** .
- ⑦ Press  for **Yes**  to connect to the device.

\*See the *Bluetooth* device's user manual for more information on pairing mode and entering a passcode.

# Network Indicators

A380 will indicate which of the AT&T wireless networks you are connected to. A network indicator does not necessarily mean that you will experience any particular upload or download data speeds.

**3G** Connected to the AT&T 3G network.

**E** Connected to the AT&T EDGE/2G network.

Actual data upload and download speeds depend on various factors, including the device, network utilization, file characteristics, terrain, etc. Learn more at: [wireless.att.com/learn/articles-resources/wireless-terms.jsp](http://wireless.att.com/learn/articles-resources/wireless-terms.jsp), your AT&T Wireless Customer Agreement, Section 3.2 "Where and How Does AT&T Service Work?"

## AT&T Services

**AT&T DriveMode:** Silence notifications, set an auto-reply so people will know you're driving, and more.

**AT&T Navigator®:** Get traffic updates, GPS navigation, and turn-by-turn driving directions on your mobile phone with AT&T Navigator.

**myAT&T:** Quickly manage your AT&T account, review purchases and downloads, and even make a payment from one easy-to-access menu.

# For More Information

## *On the Web*

- Find tutorials at **att.com/DeviceHowTo**.
- Find device specifications, user manuals, troubleshooting, and user forums at **att.com/DeviceSupport**.
- Manage your wireless account, including suspending service if your phone is stolen, at **att.com/myATT**.

## *Apps on Your Phone*

- Access your account from **Menu > myAT&T (#)**.

## *Give Us a Call*

Call AT&T Customer Care at 1-800-331-0500 or dial 611 from any AT&T mobile phone for assistance with your service or device.

## *Find Accessories*

Accessories for productivity, convenience, and fashion are available at **att.com/WirelessAccessories** or visit your local AT&T store.
