LG

Life's Good

LG **G** *Flex*

The shape of innovation.

Perfect for the palm of your hand; made to match the contour of your face. Curved is the natural shape of the world around you, and now it is redefining the shape of the smartphone. The LG G Flex is innovation for the next generation, providing an ergonomic design and the most immersive viewing experience that is—quite literally—designed around you. LG G Flex... AT&T's first curved smartphone.

LG **G** Flex

Innovative Curved Design

COMFORTABLE FORM FACTOR

The curved, ergonomic smartphone provides the ultimate ease of use, ideal for two-handed typing and one-handed scrolling.

IMPRESSIVE CALLING EXPERIENCE

The LG G Flex follows the contour of your face—offering the ultimate comfort while improving call clarity by reducing the gap between the mic and your mouth.*

*Compared to typical flat smartphones.

6.0" CURVED HD OLED DISPLAY

When held horizontally, the innovative curved display is engineered to provide an immersive viewing experience at optimal angles. Videos will come alive on-screen with bright imagery and less distortion.

INTUITIVE REAR KEY

Located where your index finger naturally rests, the convenient placement provides a reassuring grip for ambidextrous use, making the LG G Flex easier to operate for both small and large hands.

VR PANORAMA

Take shots of entire horizontal and vertical environments by stitching together individual images for 360° views. Now, this all-encompassing picture will be showcased on the curved display.

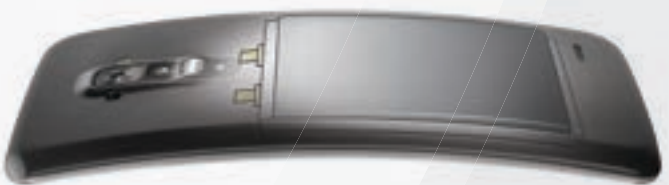

POWERFUL PROCESSOR

The Snapdragon™ 2.26 GHz Quad-Core Processor delivers an outstanding user experience, allowing graphic intensive games, detailed web pages, and action-packed videos to animate on the screen in HD clarity.

CURVED BATTERY

LG has created the world's first curved battery made to complement the curved design and slim shape of the LG G Flex. It touts a high capacity of 3,500 mAh to support all of your day-to-day activities.

FLUID LOCK SCREEN

The lock screen strikes a balance between art and function, showing wallpaper that changes depending on the time of day or how the LG G Flex is held. And, the display has unique visual unlock effects with contextual sounds.

KNOCKON

Wake the display with two simple taps. Put it to sleep by double tapping on an empty area of the screen or the task bar.

DUAL WINDOW

Divide the expansive 6.0" screen into separate windows, giving a comprehensive view of two apps for more effective multitasking.

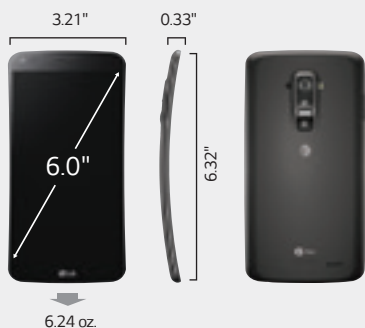

QUICKTHEATER

Get access to a world of entertainment from the home and lock screens. Just hold the LG G Flex horizontally and use two fingers to pull the screen open, bringing photo, video, and YouTube icons into focus.

LG G Flex

Key Features

- AT&T's First Curved Smartphone
 - Ergonomic Design for Comfortable Grip and Calling
 - 6.0" Curved HD OLED Display for Immersive Viewing
 - Unique Form Factor Provides Improved Calling Experience
 - Curved High Capacity 3,500 mAh Battery
- Powerful Snapdragon™ 2.26 GHz Quad-Core Processor
- VR Panorama Captures 360-Degree Scenes
- Dual Window Divides the Screen for Simultaneous Use of Two Apps
- QuickTheater Provides Direct Access to Entertainment from the Home and Lock Screen
- Slide Aside Offers Instant Switching Between Up to 3 Apps
- Intuitive Rear Key Placement Allows Ambidextrous Use

Specifications

- Platform: Android 4.2.2 (Jelly Bean)
- Technology: GSM, LTE
- Processor: 2.26 GHz Quad-Core, Qualcomm® Snapdragon 800
- Network: GSM Quad Band/UMTS Tri Band/LTE
- Frequencies: GSM 850/900/1800/1900 MHz; UMTS: 850/1900/2100MHz; LTE Bands 2, 4, 5, 17; Roaming 1, 3, 7; and CA
- Data Transmission: GPRS, EDGE, UMTS, HSPA+, LTE
- Dimensions: 6.32" (H) x 3.21" (W) x 0.33" (D)
- Weight: 6.24 oz.
- Display: 6.0" Curved HD OLED Display (1280 x 720)
- Battery Capacity: 3,500 mAh
- Talk Time: Up to 19.4 Hours*
- Onboard Memory: 32 GB (Up to 24 GB for User Memory)

* Certain features may use more power and cause actual time to vary.
