## Perfect Compact Performer

### Long-Lasting Battery

Optimus F3 comes backed by a reliable 2,460 mAh SiO+ battery with up to 13.5 hours\* of talk time and the efficiency of Power Saver Mode, so you can make it through your day with confidence.

**SiO+ High Density Technology** provides maximum electrical storage capacity, increasing usage time while contributing no additional bulk.

**Power Saver Mode** monitors the battery and once it passes below 30% will shut down power-depleting features such as Wi-Fi® or Bluetooth®.

\* Actual talk time may vary.

### True-to-Nature Display

Be captivated by the bright and clear performance of Optimus F3's 4.0" IPS display, providing a genuine viewing experience with true-to-nature color, life-like images, and superior readability.

IPS

## Genius Camera

Make sure every moment ends up picture perfect with Optimus F3's dynamic camera, packed with advanced creative features made to fine-tune all of your best memories.

### Time Catch Shot

Pick the best photo with Time Catch Shot, capturing five pictures the moment before the shutter button is pressed.

### Voice Shutter

Simply say "Cheese!" with Voice Shutter, letting you snap a photo using just your voice.

### Live Effects

Add creativity to any video with Live Effects, enhancing scenes with backgrounds and visual effects.

### Live Shot

With Live Shot, take pictures while recording video, giving you the best of both worlds.

### Live Zooming

Zoom in and out of video during playback with Live Zooming, letting you bring details closer.

## VuTalk

Share a moment with family and friends using the creative communication of VuTalk, allowing you to send handwritten messages and notes back and forth in real time or while on a call.\*

\* Must initially be established with a contact from the Contacts menu who has a VuTalk enabled device.

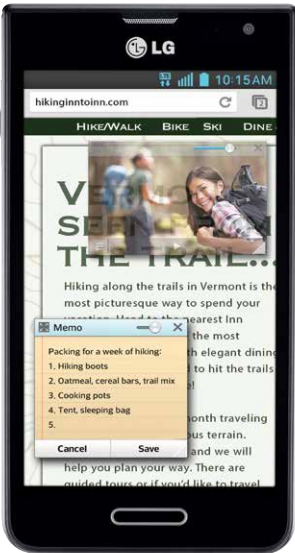

## QuickMemo™

Instantly capture and share your ideas, notes, or unique sense of creativity by writing or drawing on any screen cap with just your finger, QuickMemo, and a little imagination.

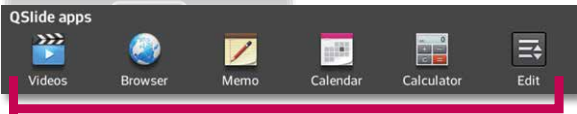

## QSlide Function

View multiple screens at once with QSlide Function, letting you see and accomplish more by adjusting window size and transparency.

Float up to two additional windows on top of the original screen, including: Videos, Memo, Calendar, Browser, and Calculator.

## QuickTranslator

Travel near or far with confidence, knowing that language differences will no longer be a barrier. Translate the words or sentences of 44 languages directly on-screen with QuickTranslator.
