Design/Performance

- Flexible Body – can bend flat up to 180 degrees*
- 6.0" Curved HD OLED Screen with Corning® Gorilla® Glass 2 Protection
- Snapdragon 2.26 GHz Quad-Core Processor
- Rear Key Placement – ambidextrous, multi-purpose use of Power/Lock and Volume Keys

* The flexibility of this product is limited. This phone may be bent flat up to 180 degrees for a limited period of time only. Do not bend inward or twist.

Productivity

- Dual Window – use two apps on a split screen simultaneously
- Slide Aside – instantly switch between up to three apps with a three-finger swipe
- QSlide Function – overlay up to two windows with adjustable sizing and transparency on the primary screen
- QuickMemo™ – create and share personalized memos by adding handwritten drawings or messages on-screen
- On-Call Notes – jot down notes during a call and retrieve them in a call log entry
- KnockON – wake the phone by tapping on the screen twice*
- Quick Translator with Voice Mode – real-time translations of words, phrases, and sentences
- Multilanguage Support for Phone and Keyboard Input
- Polaris® Viewer 5 – PC-like office suite app for viewing documents, presentations, and spreadsheets
- One-Handed Operation – adjust position of the virtual keyboard or keypad
- EasyHome – show the dialer and other frequently used features on the home screen for quick and easy access

* Tap on an empty area of the screen or the task bar to put the screen to sleep.

Entertainment

- QuickTheater – direct access to videos, images, and YouTube content
- Fluid Lock Screen – lock screen wallpaper changes with device position or time of day
- QuickRemote – control compatible TVs, Blu-ray™ players, cable provider set-top boxes, and more
- VuTalk – draw and share notes in real time between compatible devices¹
- Guest Mode – create a separate unlock screen pattern for guests with pre-set access and restrictions²
- Privacy Keeper – hide caller information for incoming calls; swipe screen to reveal information
- Plug & Pop – automatically launch features or apps when you plug in a USB cable or headphones
- Smart Ringtone – ringtone volume automatically adjusts based on ambient noise
- Smart Screen – display setting keeps the screen active when phone detects eye movement
- Smart Video – video temporarily pauses when phone detects eyes are not looking at the screen
- Front and Rear Notification LEDs – customizable colored light alerts for alarms, calendar reminders, new messages, missed calls, and more
- Quiet Mode – specify times to turn off select sounds
- Life Square – create a photo journal with select photos, text messages, calls, videos, calendar events, and more
- Video Player with Touch Lock and Resume Play Function
- Music Player with Custom Audio Effects
- Mobile TV – watch live, on-demand, and downloadable TV³
- Media Sync (MTP) – transfer files or synchronize with Windows® Media Player³
- Sprint TV & Movies – watch live sports, live breaking news, and on-demand popular daytime, primetime, and kids entertainment¹
- NextRadio® – app that receives local FM radio broadcasts⁴

¹ VuTalk offers simultaneous data and voice sharing when both compatible LG devices are in 4G LTE coverage or connected to a Wi-Fi network.

² Some owner/personal content and information may still be accessible to a user in Guest Mode.

³ USB cable required (included).

⁴ Headset required (sold separately).

Camera/Video

- 13 Megapixel Rear-Facing Autofocus Camera with LED Flash
- 2.1 Megapixel Front-Facing Camera

¹ Sprint PCS service required. Product features subject to change. Features based on carrier program availability. Additional charges may apply.

- Camera Resolutions: Up to 4160 x 3120¹ (4160 x 2340 default)
- Shot Mode – choose from Normal, Shot & Clear¹, Dynamic Tone (HDR)¹, Panorama¹, VR Panorama¹, Cheese Shutter, Burst Shot¹, Beauty Shot, Dual Camera, Time Catch Shot¹, Intelligent Auto¹, Sports¹, and Night
- Cheese Shutter – use voice commands to capture a photo
- Customizable Brightness², ISO¹, White Balance², Color Effect², Timer, Auto Review², and Shutter Sound
- Video Resolutions: Full HD Up to 3840 x 2160¹ (1920 x 1080 default)
- Frame Rate: 60 fps, 30 fps default
- Recording Mode – choose from Normal, Live Effect, Dual Recording, and Tracking Zoom¹
- Anti-Shaking³ – reduce shaking in video recordings
- Pause & Resume Recording – pause and start in record mode for one continuous video file
