- 710 Watts

### FEATURES

- LoDecibel™ Quiet Operation
- Full Bucket Indicator with Auto Shut-Off
- LED Display
- Touch Pad Button
- Automatic Humidistat Control
- 2 Fan Speeds
- Washable Air Filter

## SERIOUS AIR CARE

Feel better about the air in your home with this powerful but extremely quiet LG dehumidifier. With the ability to continually monitor and control the humidity in your home, this unit helps prevent mold, mildew and bacteria while protecting materials in your home from excess moisture. A full bucket indicator with automatic shut-off helps prevent overflowing, and an automatic restart means it'll start working again after a power outage. Plus, we've designed it so it'll run in lower temperatures when other units freeze up.

#### 65 Pints

This LG dehumidifier removes up to a whopping 65 pints of moisture from the air every 24 hours.

#### LoDecibel™ Quiet Operation

Reduce noise and vibration while you cool down with our unique LoDecibel™ Quiet Operation technology.

#### Full Bucket Indicator with Auto Shut-Off

Stop guessing about when to empty water from the unit; a bucket-full indicator light will let you know when it's time. Plus, it's equipped with an automatic shut-off feature that helps prevent overflow.

# AIR CONDITIONER

## LD651EBL

### PERFORMANCE

Dehumidification (pts/day)	65
Control Type	Electrical, Low Temp
Energy Factor	1.80
