- LoDecibel™ Quiet Operation

KEY FEATURES

Largest Counter Depth*

With the largest capacity for a built-in counter-depth refrigerator at 24 cu.ft.*; this refrigerator not only stands flush with your counter top to provide a seamless look, but also it's got the room to store all your family's favorite foods.

Door-in-Door w/ ColdSaver™ Panel

For those fly-by visits to the refrigerator, the Door-in-Door™ feature allows you quickly get in and out for easy access to beverages and snacks. Because food can be accessed without opening the entire refrigerator, it reduces cold air loss by up to 47%** to help keep food fresher longer, while conserving precious energy.

Organization & Convenience

Adjustable shelving, sliding door baskets and multiple pull-out drawers allow for incredible organization so you can quickly find exactly what you need.

*Standard Width Built-In Counter-depth French Door Refrigerators, excludes other LG manufactured products.

**Percent reduction in exchange rate of air between opening the Door-in-Door compared to one French Door for 10 seconds. Results based on testing of comparable models with same Door-in-Door design.
