

# nexus<sup>4</sup>

## The new smartphone from Google.

With cutting edge hardware, your favorite Google Apps, and the latest version of Android – Nexus 4 puts the best of Google in the palm of your hand.

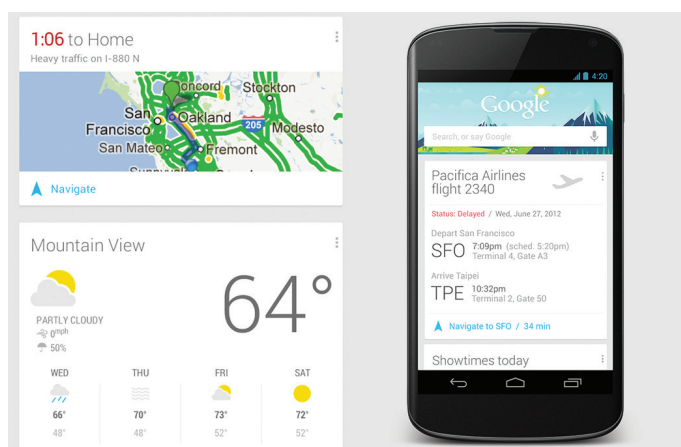

**Learn More:** [google.com/nexus/4](http://google.com/nexus/4)

## Google Now

Get just the right information at just the right time with Google Now. It shows you how much traffic to expect before you leave for work, or when the next train will arrive as you're standing on the platform.

**Demo:** Swipe up from the bottom of the screen. Google Now will display a few cards relevant to the current time and location. Touch Menu > Sample cards to see more examples.

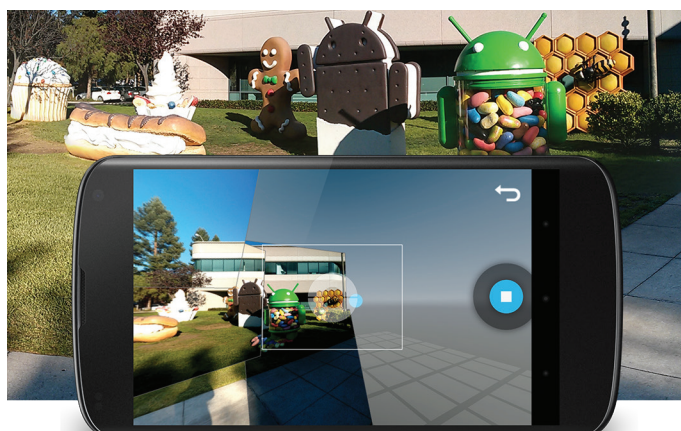

**Learn More:** [google.com/now](http://google.com/now)

## Photo Sphere Camera

Up, down and all around you, it's like no camera you've ever seen. With Nexus 4, take pictures in every direction and see them stitched together into incredible, immersive photo spheres that put you right inside the scene.

**Demo:** Open the Camera app and choose Photo Sphere mode. Adjust the camera position so that the blue dot is at the center of the target. Move the camera to the side, up and down and align the blue dot to fill in the scene. Touch the Shutter button to capture the Photo Sphere.

## Google Maps

Get to the places you care about quickly and easily.

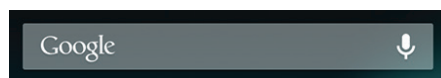

**Demo:**

- **Turn-by-turn GPS navigation**
- **Directions** - Driving, transit, walking & biking.
- **Indoor Maps** - Find an indoor maps location like the Mall of American and zoom in.
- **Street View** - Touch & hold a location on a street and tap the info window. Touch the Street View icon and turn on Compass mode in the menu. Double-tap to move.

**Learn More:** [google.com/mobile/maps](http://google.com/mobile/maps)

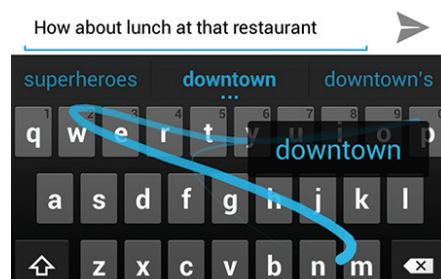

## Voice Search & Voice Actions

**Demo:** Press the microphone icon on the Home screen. Examples:

- When is the next Giants game?
- What do lion cubs look like?
- Remind me to walk the dog in 2 hours.
- Do a barrel roll.

## Gesture Typing

**Demo:** Open Messenger and type by gliding your finger over the letters.

## Android Beam

Nexus 4 comes with Android Beam so you can quickly share photos, videos, contacts, apps and more with a tap.

**Demo:** Find a YouTube video on Nexus 4 and unlock another NFC-enabled Android device. Place the devices back-to-back, then tap the screen to beam the video.

8MP

High-performance 8MP camera that takes stunning Photo Sphere images.

## Record HD video

Shoot video in full 1080p with continuous focus, real-time zoom, and time lapse mode.

**Demo:** Open the Camera app and choose video mode. While recording, tap the screen to take still photos.

## Crisp 4.7" display

Vibrant 320ppi screen with curved glass edges. Protected by scratch resistant Corning® Gorilla® Glass 2.

## Instant Upload

If you've signed up for Google+, you can enable Instant Upload and photos taken with your phone are automatically uploaded to a private album on the web so you'll never lose a shot.

675,000 Apps & Games on Google Play

Get all the apps and games you love on Google Play.

Your music on Google Play

Browse through the millions of songs available for purchase, or upload your existing music library (including iTunes) to Google Play. Once your music is imported it automatically becomes available on Nexus 4, on the web at [play.google.com](http://play.google.com) and any other Android phone or tablet.

\* up to 20,000 songs. Cannot include DRM protected songs.

## Explore Google Play

Books

Magazines

Movies & TV

**Demo:** Touch the Play Store icon and browse available entertainment. Explore preloaded content by finding the Play Books, Play Magazines, and Play Movies & TV icons.

**Built for Speed**

Made in partnership with LG, Nexus 4 comes with a cutting-edge Qualcomm Snapdragon™ S4 Pro processor. With 2GB of RAM and the fastest version of Android ever, Nexus 4 is our snappiest smartphone yet.
