

UB9810

4K UHD Smart LED TV w/ webOS™ & 3D

98"

* Class size: See below for details.

KEY FEATURES

4K Ultra HD (3840 x 2160)

TruMotion 240Hz

webOS

PRODUCT HIGHLIGHTS

IPS 4K

One of the secrets behind LG TVs' outstanding UHD performance is the specially designed display panel. IPS 4K delivers true colors that remain more consistent at wide viewing angles, with four times the resolution of Full HD. With IPS 4K, any seat can be the best in the house.

Tru-4K Engine Pro

LG's Tru-4K Engine Pro is our best resolution enhancer yet, that even better upscales content, for incredible picture quality on LG's ULTRA HD 4K TVs. Now you can upscale content so closely to native 4K it is nearly impossible to tell the difference. Plus, all of your Blu-rays, DVD's and TV programs look amazing, even on big screen sizes.

Tru Black Control

LG's local dimming technology increases contrast by enabling deeper blacks. These more pronounced blacks in turn enhance overall picture quality, with greater clarity plus bolder colors.

PRODUCT FEATURES

PICTURE QUALITY	
IPS Panel	•
