HD

COMFORTABLE PORTABILITY

Engaging user experiences—perfect in every palm

8.3" Display

The expansive yet manageable 8.3" display is portable, convenient, and immersive beyond measure. G Pad 8.3 LTE has maximized screen area in a minimum amount of space, with Full HD resolution.

Slim, Lightweight Design

Discover a form-fit tablet with a comfortable one-handed grip for convenient use and natural navigation. Plus, the slim bezel allows for near edge-to-edge viewing.

SEAMLESS CONNECTIVITY

The ultimate connection with a simple touch

Verizon Wireless™ Q Pair™ App*

Link G Pad 8.3 LTE with your Android™ smartphone so your devices can always stay in sync.

*Works with phones running Android 4.1 or later. Some features may be limited depending on carrier's policy or compatibility of phone model.

Call/Message Notification

Receive alerts when your smartphone gets a call or message—you can see the caller ID, reply to messages, and view social network updates on the Status Bar.

Incoming Call Notification

Recent App. Sticker*

Unlock your screen and receive a pop-up sticker of the URL, video, or web browser you were using on your Android smartphone—or vice versa.

*Apps opened with the shortcut must be installed on both the phone and tablet.

Recent App.
Sticker

QuickMemo Transfer

Write or draw on any screen—and once saved on your tablet, the memo will also be saved in the Gallery of your smartphone.

SmartShare

Stream images, music, videos, or documents wirelessly to other compatible devices through a simple, one-touch connection.

MULTITASKING EFFICIENCY

Useful features backed by smooth, steady power

Power and Performance

The Snapdragon™ 1.5 GHz Quad-Core Processor gives you all the power you need to run your favorite apps and features smoothly. Plus, the high capacity 4,600 mAh battery lets you do more of what you love, for longer.

Multi-User Function*

Share with multiple users and keep personal information private—eight people can key in a different code and gain access to their own specific apps.

*Some owner/personal content and information may still be accessible to a user in Multi-User Function.

Owner Mode Unlock

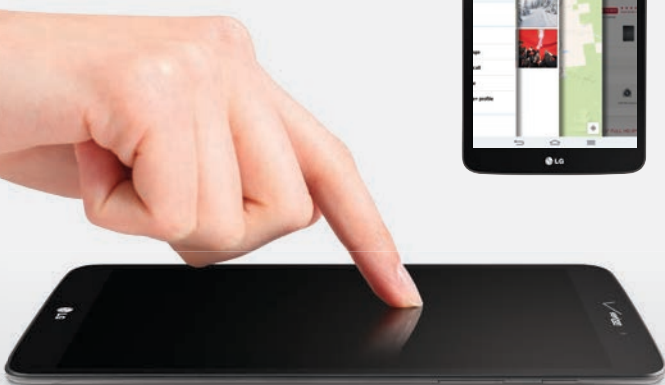

Multi-User Unlock

QSlide Function

Multitask by adjusting window size and transparency of up to two windows, which float on top of the original screen.

Slide Aside

Switch between three different apps by sliding the screen left or right with three fingers, so you can juggle more tasks simultaneously.

KnockON

Tap twice with a fingertip to automatically wake the display or put it to sleep.
