## Eco-Friendly Attributes\*

LG Extravert™ has several eco-friendly attributes. Its battery cell does not contain lead, cadmium, or mercury, and the battery cover is composed of 30% recycled post-consumer plastic.

In addition, the gift box is made of 76% post-consumer recycled paper; the in-box collateral is made of 60% post-consumer recycled paper; and both are printed with soy ink.

LG is also reducing paper consumption by forgoing the traditional printed manual in favor of a downloadable digital manual.

\*Phone hardware and packaging include recycled materials.
