

Start Here

My Verizon

You're now connected to Verizon 4G LTE. Lightning fast, Lightning strong. For more information, visit verizonwireless.com/4GLTE.

REGISTER at verizonwireless.com/myverizon, to learn how to use your phone.

- Go to **My Verizon**
- Click on **Support**
- Click **Device**
- Click on **Select Another Device**

My Verizon allows you to manage your account, pay your bill, purchase accessories & more.

Assistance is at your fingertips anytime at verizonwireless.com.

Customer Service is at your disposal at 1-800-922-0204 or at any Verizon Wireless Store.

A User Guide is available on demand—simply download at support.vzw.com/phones or call 1-877-268-7589 to order a copy.

NOTE: Devices and software are constantly evolving—the screen images and icons you see here are for reference only.

Phone Features

• Tip: Tap **Apps** then tap **Help** to access the quick start guide, full user guide, video tutorials, and icon glossary. You can get information in detail right from your phone.

WARNING! Please use only an approved charging accessory to charge your device. Improper handling of the USB/Charger Port, as well as the use of an incompatible charger, may cause damage to your device and void the warranty.

Setting Up Your Phone

Follow the onscreen instructions to quickly set up your phone and email accounts.

For more information visit verizonwireless.com/smartphones. Click **Support** tab, click **Device**, then **Select Another Device** for your device support.

Removing Back Cover

Insert your fingertip under the ledge at the bottom of the phone and gently lift back the cover to remove.

The back cover is compatible with a wireless charging pad (sold separately) which allows you to charge your device wirelessly.

*To purchase a wireless charging pad, please visit vzw.com/chargewithoutwires or a Verizon Wireless retail store.

Inserting the SIM/microSD Cards

NOTE: The microSD card is sold separately. If not already inserted, follow the instructions below to insert your 4G SIM Card.

1. Remove the back cover and the battery.
2. Locate the microSD and SIM card slots ("microSD" and "micro SIM" are inscribed near the slot opening).

3. Position the microSD and SIM cards with the logos facing up and slide them into place until they are fully inserted.

Removing the SIM Card

1. Remove the back cover and the battery.
2. Locate the SIM card slot and gently pull the SIM card out to remove it.

*A Subscriber Identity Module (SIM Card) is a "smartcard" that houses personal information, such as your mobile phone number, calling plan, and account information, such as contacts, text messages, and call history. The Verizon Wireless 4G LTE SIM Card is compatible with any Verizon Wireless 4G LTE certified device. The 4G LTE SIM Card can move from one device to another and your wireless service will work seamlessly as long as you have a compatible device and service plan. To see which devices are compatible with the Verizon Wireless 4G LTE SIM Card, visit verizonwireless.com/certifieddevice.

Removing the microSD Card

1. To remove the microSD card you must first unmount it. From the Home screen, tap **Apps** > **Settings** > **Storage** > **Unmount SD card**.
2. Remove the back cover and locate the microSD card slot.
3. Gently pull the microSD card out to remove it.

Installing the Battery

NOTE: It's important to fully charge the battery before turning on your phone.

1. Insert your fingertip under the ledge at the bottom of the phone and gently lift back the cover to remove.

2. Align the battery contacts with the terminals in the battery compartment and push the battery down until it clicks into place.
3. Place the back cover over the battery compartment, then press downward until it clicks into place.

Removing the Battery

1. Turn the phone off and insert your fingertip under the ledge at the bottom of the phone and gently lift back the cover to remove.
2. Use the fingertip cutout at the bottom of the battery compartment to lift the battery out.

Powering your phone on/off

NOTE: It's important to fully charge the battery before turning on your phone.

1. To turn on the phone, press and hold the **Power/Lock Key** for a couple of seconds until the screen lights up.
 2. To turn off the phone, press and hold the **Power/Lock Key** until the Phone options are displayed. Then tap **Power off** > **OK**.
- If your screen turns off, press the **Power/Lock Key** to turn it back on.

Lock Screen

1. Press the **Power/Lock Key** to turn on your screen. Your Lock Screen will appear.
 2. Swipe the screen to any direction to unlock it.
- To use a shortcut, swipe the icon in any direction. The screen will unlock and the application will launch.

Receiving a Call

- If the screen is unlocked, simply tap **Answer**.
- If the screen is locked, slide the **Answer icon** in any direction

Swipe the **Ignore with message** icon in any direction to send a text message instead of answering.

Dialing a Call

1. From the Home screen, tap **Phone**.
2. Dial the phone number.
3. Tap **Call** to place your call.

QuickMemo

Use the **QuickMemo** feature to capture a screen shot and use it to write a memo.

1. While viewing the screen you want to capture press and hold both Volume Keys simultaneously for one second to access the **QuickMemo** feature.
2. Tap **▼** to view the Edit menu

- **Memo background** - Select to use the captured image or a note as the background.
- **Undo** - Select to undo the previous action.
- **Redo** - Select to redo the previously deleted action.
- **Pen** - Select pen type and pen color.
- **Erase** - Erase pen marks using your fingertip.
- **Share** - Select how to share your memo.
- **Save** - Save the captured memo to your Gallery.

NOTE: Use your fingertip instead of your fingernail to draw or erase pen marks.

NFC

Near field communication (NFC) lets you get things done just by tapping your phone on NFC touchpoints. For example, you can use credit and transport cards, quickly change your phone settings, open a web site featured on an advertising poster without typing the Web address, and beam app contents or files and more.

To turn on NFC, from the Home screen tap **Apps** > **Settings** > **More...** > and tap the **NFC switch**.

LG Tag+

LG Tag+ lets you set up tags as NFC touchpoints that apply your own custom settings to your phone by just tapping the phone to the tag. For example, you could have one tag with the settings you want at work and one for settings when you're at home.

Using Tag+

Two tags come in the box with your phone.

1. From the Home screen, tap **Apps** > **LG Tag+**.
2. Select a mode (**Car/Office/Sleep/User**) and customize the mode settings.
3. Tap **Write on NFC tag** and then tap the tag with the back of your phone.

NOTE: Tap **Help** in the lower right corner to learn more about setting up your own tags.

Using Your Phone to Read Tags

Make sure the display screen is on and unlocked, then tap the **NFC tag** with the back of your phone.

NOTE: For best results tap between the LG and 4G LTE logos on the back of your phone.

Sending a Message

1. From the Home screen, tap **Messaging**. The Messaging screen will open, where you can create a new message or open an ongoing message thread.
2. Tap in the upper right corner to start a new message.
3. Enter the contact's name or number in the **To** field, then type your message in the text field.
4. After you complete your message, tap **Send** to send it.

Camera

1. From the Home screen, tap **Camera**.
2. Tap the **Shutter Button** to snap a picture.

Try the following new features when using the Camera.

Time catch shot: Allows you to capture the missing moment by taking five sequential pictures at once prior to tapping the shutter key.

1. Open the **Camera** and tap **Time Catch Shot** to turn this feature on.

2. Tap the **Shutter Button** to snap a picture, tap to view all images, tap to select the image(s), and tap to save.

Voice Shot: To take photo, say one of the following words: Cheese, Smile, Whisky, Kimchi, or LG.

1. Open the **Camera** and tap **Voice Shot** to turn this feature on.
2. Say any of the voice commands above to snap a picture.

Bluetooth®

1. From the Home screen, tap **Apps** > **Settings** > **Bluetooth**.
2. Tap the **Bluetooth switch** in the upper right corner to turn Bluetooth on.
3. Tap **Search for devices** to search for and display information about nearby Bluetooth devices.
4. Tap the name of the device you want to pair with your phone.

NOTE: Depending on the type of device you are pairing with, you will be asked to enter a passkey, confirm matching passkeys, or the device will automatically pair.

Backup Assistant™ Plus

Backup Assistant and Media Manager are now Backup Assistant™ Plus. Protect your contacts and access your media when you need it on the go or at home. Go to verizonwireless.com/baplus.

Setting Up Your Google Account

Now your Gmail, Google contacts, and Google calendar events can all be loaded to your phone automatically.

1. At the Google Account setup screen, tap **Existing** or **New**.
2. Enter your username and password or any other necessary information (if creating an account).
3. Tap to sign in.

Record your Google account information. Please keep this document in a safe place.

Username: _____@gmail.com

Password: _____

Setting Up Other Email Accounts

1. From the Home screen, tap **Apps** > **Settings** > **Accounts & sync**.
2. Tap **ADD ACCOUNT**, tap **Email**, and select the desired provider.
3. Enter your email address and password and any other necessary login credentials.

Set Up Voice Mail

From the Home screen, tap **Phone**. Dial *86 and tap **Call**. Follow the setup tutorial.

Access Voice Mail

From the Home screen, tap **Phone**. Dial *86 and tap **Call**. Enter your password and follow the prompts.

From any phone—Dial your wireless number. When you hear the greeting, press # to interrupt and follow the prompts.

NOTE: Voice mailboxes not set up within 45 days will be canceled. Your voice mailbox is not password protected until you create a password by following the setup tutorial.

Visual Voice Mail

View a list of messages without dialing into a mailbox. Listen or erase with the tap of a button.

Apps & More

Play it up with music, ringtones, wallpapers, apps and games. Keep up with Twitter™ and Facebook. For details and pricing, go to verizonwireless.com.

NOTE: Data charges may apply.

Installing Apps

More than hundreds of thousands of apps available to download from Google Play.

From the Home Screen, tap **Apps** and then to access **Play Store**.

Verizon Tones

Search, preview, purchase and manage ringback tones and ringtones from your favorite artists all in one place. Go to verizonwireless.com/mediastore.

Media Store

Find apps for entertainment, travel, productivity, navigation, ringback tones, ringtones, games, wallpaper and more. Go to verizonwireless.com/mediastore.

Mobile Web

Take the Internet on the go. You can reach the latest news, get the weather and follow your stocks. From the Home Screen, tap **Browser**.

Verizon SafeGuards

Family and Safety Apps & Services. Get the most robust parental controls. Go to verizonwireless.com/safeguards.

Location Based Services

This phone can determine its location, which is useful for services such as navigation, shopping and weather. For your safety, it's defaulted to only acquire your location when you dial 911. To use Location Based Services, from the Home screen, tap **Apps** > **Settings** > **Location access**.

Your wireless device can determine its (and your) physical, geographical location ("Location Information") and can associate Location Information with other data. Additionally, certain

applications, services and programs are capable of accessing, collecting, storing and using Location Information and disclosing Location Information to others. You should use caution when determining whether or not Location Information should be made available to others and you should review any applicable third party policies before providing access. To limit potential unauthorized access to your Location Information, Verizon Wireless offers various mechanisms and settings to manage access to location data. By enabling location settings you are permitting third party access to Location Information through software, widgets or peripheral components you choose to download, add or attach to your wireless device or through web access, messaging capabilities or other means and you are authorizing Verizon Wireless to collect, use and disclose your Location Information as appropriate to provide you with any location services that you enabled.

VZ Navigator®

Get premium GPS voice navigations and 3D maps with spoken real-time traffic alerts. Find movie times, event info and gas stations. Go to verizonwireless.com/navigator.

Global Ready™

Verizon Wireless keeps you connected around the corner and around the world. For up-to-date information on destinations and rates go to verizonwireless.com/tripplanner.

Global Travel Program

Voice service available in more than 220 countries and data available in more than 205 countries — including more than 150 countries with 3G speed. This is the perfect short-term solution for the occasional or infrequent global traveler when traveling outside of the U.S. to GSM locations. For

more information, go to verizonwireless.com/globaltravel.

Customer Information

Your Wireless Device and Third Party Services

Verizon Wireless is the mobile carrier associated with this wireless device, but many services and features offered through this wireless device are provided by or in conjunction with third parties. Verizon Wireless is not responsible for your use of this wireless device or any non-Verizon Wireless applications, services and products including any personal information you choose to use, submit or share with others. Specific third party terms and conditions, terms of use, and privacy policies shall apply. Please review carefully all applicable terms and conditions and policies prior to using this wireless device and any associated application, product or service.

Hearing Aid Compatibility Information

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer wireless technologies used in this phone that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Consult your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, consult your service provider or phone retailer.
