

LG *MOTION*™ 4G

Your scene, made even better by 4G.

LG **MOTION™** 4G

Your scene, made even better by 4G.

This is your time to shine and live life to the fullest—no matter where you are.

Capture your awesomest memories of the music festival. Shoot and edit an HD short film starring your friends. Listen to your new favorite song in high quality surround sound. Share the best moments of your life on your social network—fast.

Experience high-end entertainment at a great value, and live the good life at 4G speed.

LG **MOTION™** 4G

LG **MOTION™ 4G**

Sharp look. Sweet features.

Fresh. Cool. And undeniably delightful. Android™ 4.0 Ice Cream Sandwich, brings new innovation to the operating system that delivers crisp, clean looking, high-performance applications, and a customizable user experience.

Ice Cream Sandwich enhancements.

Powerful Voice Input Engine

Dictate entire messages correctly with improved voice-to-text capabilities.

Notification Viewing from Lock Screen

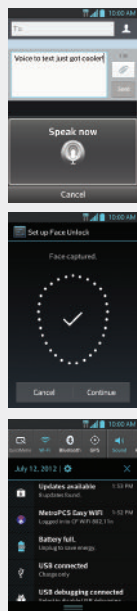

Simply slide the Notification Bar down to see the latest notifications, no need to unlock.

Face Unlock

Use your actual face (yes, not a picture, but your actual mug) to unlock the device with facial recognition technology.

Selectively Clear Notifications by Swiping

No longer do you have to clear all notifications at once. Now you just swipe the one you want to get rid of.

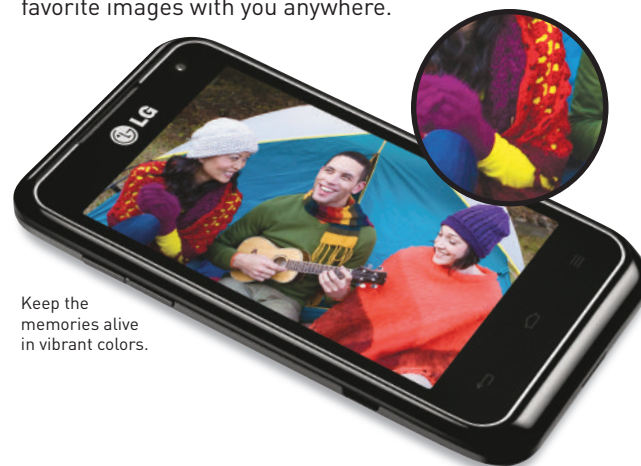

4G 4 ur world.

Download new music with no downtime. Talk and surf the web simultaneously. Stream podcasts at super-fast 4G LTE speed. LG Motion 4G gives you the power to do more, faster, with a 1.2 GHz dual-core processor, 1 GB of RAM, and 4G LTE performance. And, it has a single chipset to enhance battery performance too.

Put your style on display.

View videos in vibrant color. See photos with surprising detail. LG Motion 4G's vivid 3.5" HVGA TFT display boasts improved color accuracy and vibrancy—and with a super-strong Corning® Gorilla® Glass screen, you can take your favorite images with you anywhere.

Keep the memories alive in vibrant colors.

Capture and share the moments.

Be photo-happy.

Capture crisp photos on the 5 MP camera with flash and then share with your social circle. Take still pictures while recording a video. Easily keep in touch no matter where you venture with a video chat via the front-facing VGA camera. The best moments in life deserve to be remembered—and with LG Motion 4G, you can enjoy every second and preserve your memories with high quality imagery.

Continuous Shot captures multiple images in a row, so you can choose the best image.

Time Catch Shot captures the moment before you press the button.

Pan the scenery and Motion 4G will do the rest.

Panorama Shot lets you capture incredible panoramic views, by pressing one button and panning while the camera does the rest.

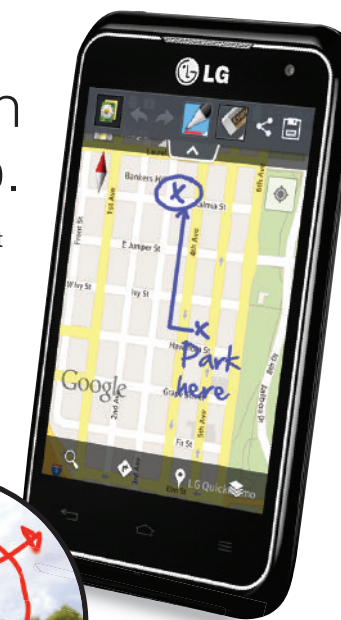

Cheese Shutter lets you take a picture by simply saying 'cheese!'

Express yourself with QuickMemo.

Draw bunny ears on your best friend's photo. Add to your grocery list without grabbing a pen. Take down digits directly on your device. QuickMemo lets you customize any screen shot using only your phone and a little imagination.

Quickly jot down important notes or personalize images with fun doodles.

You're the director.

Shoot action-packed videos of your friends in full 1080p HD. Customize your movies with Video Wiz editing. And listen to each scene played back in cinematic Dolby® Mobile surround sound, or share on a larger display with HDMI® Mirroring/DLNA SmartShare.

Share your LG Motion 4G's display wirelessly.

Immerse yourself in cinematic surround sound with top-quality audio via Dolby Mobile.*

*Headset required (sold separately).
