

EXTRAVERT™

IT'S NOT A
PHONE.
IT'S
MY LIFE.

6 With me, it's all about my friends, and this phone really lets me keep them in the know. Texting has never been easier than with this QWERTY keyboard, it's so smooth, I'm a messaging machine! Even better, the touchscreen makes it easy to scroll through all my stuff – it's super quick getting to my pix, tunes, messages, whatever! And with the shortcut key I can move quickly from one conversation to the next, so I never miss a beat.

Speaking of my social life, everyday is picture day with me and my friends.

When I witness an epic moment, I use the 2.0-megapixel camera to capture the extreme awesomeness. Oh, and BTW you can bet I will have them posted to Facebook® ASAP. Piece of cake. Like I said, this is the perfect phone to keep my buddies up on my daily shenanigans.

Tap In

Scrolling through my favorites for texting, finding tunes, whatever—a touchscreen's the way to roll.

Blast Off

Speed is power and I love to be able to text friends at warp speed on a sweet QWERTY keyboard.

Shoutout

Man, I have a lot going on in my life and sometimes I need to let people know quickly. With easy updates to my social networks, BOOM, it's done! Just like that.

Snap Up

Dad talks about "photo ops," but my life is a photo op—and with this camera I'm ready.
