- ✓ 668L Capacity
- ✓ Anti-fingerprint Finish
- ✓ Smart Diagnosis (via Smart ThinQ™)
- ✓ R600a Refrigerant
- ✓ BioShield
- ✓ 3 Star Energy Rating

Inverter Linear Compressor

LG Inverter Linear Compressor offers greater control of temperature, with less vibration and less noise than a conventional compressor system.

LG 10 Year Parts Warranty - as this is the heart of your refrigerator we back this with a 10 year parts warranty on the compressor.¹

No Plumbing Required

Now you can enjoy the convenience of having an ice & water dispenser on the door without the need to have the refrigerator connected to your water supply. Inside the refrigerator is a water canister which can be removed for easy filling.

Moisture Balance Crisper

LG Moisture Balance Crisper maintains the moisture balance in the crisper. The lid of the crisper has a lattice structure that retains evaporated moisture from your vegetables, to help keep them fresher for longer.

Smart ThinQ™ and Tag On

With a smartphone and the LG Smart ThinQ app the refrigerator can "talk for itself" to find a solution to help save time and money on unnecessary call outs.² On a NFC enabled Android device, Tag On uses Near Field Communication (NFC) technology to view usage history of your fridge.³

¹ 2 Years parts and labour + 3 years on sealed refrigeration system (compressor, evaporator, dryer and tubing) parts only + 5 years on compressor (part only)

² Compatible smartphone required, Android 4.1.2 (JellyBean) or later or iOS 8 or later required for LG Smart ThinQ app and Audible Smart Diagnosis feature.

³ Mobile 3G/4G or WiFi connection, LG Smart ThinQ app is required for Tag On feature.
