- ✓ Stone Silver Finish
- ✓ Smart Diagnosis™ 2.0
- ✓ Inverter Direct Drive Motor
- ✓ Slim Control Panel
- ✓ Low Noise - 45dB
- ✓ Hybrid Drying System
- ✓ Aqua Stop

Inverter Direct Drive Motor

LG Inverter Direct Drive Motor - allows efficient transfer of energy. It optimises the spray intensity for the selected cycle.

Size - it is smaller than a conventional pump system, which increases the tub size.

Greater Durability - and that's why you get LG's 10 Year Parts Warranty.

Smart Diagnosis™ 2.0

LG Smart Diagnosis™ 2.0 allows the Dishwasher to talk for itself. If an error occurs, a phone call can be made to LG Customer Information Centre and the machine will emit a 6 second signal. This allows LG to diagnose the issue resulting in less wasted time and less inconvenience.

Silence On™ (Low Noise)

LG Silence On™ Dishwashers feature the Inverter Direct Drive Motor. This innovation ensures that your dishwasher is the last thing you hear in your kitchen. Experience quietness in dishwashing.

Extra Hot

Extra Hot option increases the Rinse temperature in the dishwasher up to 80°C. This enables the dishwasher to kill harmful bacteria such as Salmonella.
