The Dual PowerPack provides a running time of up to 60 minutes in regular mode and 40 minutes in power mode thanks to its rechargeable lithium-ion dual battery pack.

Anti-Tangle Brush™

LG Anti-Tangle Brush helps eliminate the hassle of having to remove hair from the brush. This technology works in 3 steps.
1st - Collect from floor and carpet
2nd - Vacuum Suction moves hair to the centre of the brush
3rd - Hair Removal hook removes the remaining hair

Smart Inverter Motor

LG Smart Inverter Motor - The LG CordZero™ 2-in-1 handstick features the smart designed Smart Inverter Motor™ which is lightweight and compact and is more durable thanks to its brushless motor. With no brushes on the motor, efficiency is increased and resistance is reduced. This allows for more power with a longer run time.
