(23.0" measured diagonally)

## FEATURES

- LG Cinema 3D<sup>1</sup>
- 1 Pair 3D Glasses Included
- Full HD 1080p
- TriDef 3D Conversion Software
- HDMI™ Input
- ENERGY STAR® Qualified

## IS IT A MONITOR? OR SOMETHING BETTER?

The moment you wear the 3D glasses, you become one with your computer world. Be a hero in a 3D game or be the blockbuster in a 3D thriller movie. Have a 3D experience like you've never seen before from LG.

Want 3D like you get it in the movie theater? Lightweight glasses, wider viewing angles and with clear 3D images? LG Cinema 3D experience can bring it right to your home. Enjoy amazing depth along with smoother, crisper images, and a clear picture from virtually any angle.

This stunning picture is the reason you wanted HD in the first place. With almost double the pixel resolution, Full HD 1080p gives it superior picture quality over standard resolution. You'll see details and colors like never before.

Save more than energy. Earning the ENERGY STAR means a product meets strict energy efficiency guidelines set by the US Environmental Protection Agency and the Department of Energy. For Monitors, it means they save energy both in standby and active (when they're on) modes. ENERGY STAR qualified Monitors use about 25% less energy than standard units.

MONITOR

# D2342P

## 23" Class 1080p LCD LED 3D Monitor
