WM3070HWA

Performance
• 4.3 cu.ft. Ultra Large Capacity with NeveRust™ Stainless Steel Drum (IEC)
• DirectDrive™ Motor for the Ultimate in Durability and Reliability with 10 Year Warranty
• 10’ TilTub™ for Easy Reach into the Rear of the Drum
• 1200 RPM Powerful Spin for Efficient Water Extraction

Intelligent Fabric Care
• TurboWash™ Technology
• Steam™ Technology
• ASC Certified Allergiene™ Cycle
• NSF Certified Sanitary Cycle
• ColdWash™ Technology
• 6Motion™ Technology
• SmartDiagnosis™
• TrueBalance™ Anti-Vibration System
• Magnet Ventilation
• SenseClean™ System for Intelligent Fabric Care
• 12 Washing Programs and 5 Temperature Settings
• Delay Wash up to 19 hours for Washing Convenience

Style and Design
• Upfront Electronic Control Panel with Dual LED Display and Dial-A-Cycle™
• Chrome Rimmed Glass Door

Technology Benefits
• LoDecibel™ Quiet Operation
• Highly Energy and Water Efficient

NSF certifies the SANITARY course which is intended for reducing 99.9% of bacteria and other harmful microscopic organisms on laundry.

LG front load washers exceed Energy Star classifications by a minimum of 39%.
Fast Forward your Laundry
You’ll save up to 20 minutes on each full-size load without sacrificing cleaning performance with TurboWash™ technology. Twin spray nozzles, and an atomizing rinse deliver effective cleaning while saving time. Spend less time doing laundry and more time doing the things you love. What would you do with 20 extra minutes?

Deep Clean with Steam
Not only does LG Steam Technology penetrate fabric to remove soil and enhance cleaning results, it also removes common household allergens. The Allergiene™ cycle gently removes over 95% of common household allergens, like dust mites and pet dander from even the most delicate fabrics. It’s so effective it’s certified by the Asthma Society of Canada (ASC).

All the Right Moves
With 6Motion™ technology, each wash cycle combines up to 6 different wash motions to provide a revolutionary cleaning experience and ultimate fabric care.

Count On It
When you buy a washer, you don’t want to worry that it won’t last. Because the Direct Drive Motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

Call, Connect, Resolve
SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

The Hottest Thing in Cold
Now using the cold cycle on your washer doesn’t mean compromising on how clean your clothes are. ColdWash™ technology uses cold water and enhanced washing motions to penetrate deep into fabrics, giving you cold-water savings with warm-water performance.
